9 provides to the Department of Transportation a list containing the
10 license plate number, and such other information as the Department
11 of Transportation may prescribe by rule, for each trailer or
12 semitrailer which may be used for movement with the permit. When
13 the permittee provides the list described in this subsection, the

15 the permit shall not be included on the permit; provided, a trailer
16 or semitrailer which is not on the list shall not be authorized to
17 be used for movement with the permit. It shall be the
18 responsibility of the permittee to ensure the list provided to the
19 Department of Transportation is maintained and updated with any

21 rules deemed necessary to administer the provisions of this
22 subsection.

23 G. The first deliverer of motor vehicles designated truck

17 promulgation of rules. For the fiscal year beginning July 1, 2017,
18 and all subsequent years, all proceeds collected from both the
19 permit fees and the overweight permit fees imposed pursuant to
20 subsection A of this section in excess of Three Million Seven

6 Section 14-118. A. 1. Pursuant to such rules as may be
7 prescribed by Oklahoma agencies of jurisdiction, Oklahoma motor
8 carriers may engage in any activity in which carriers subject to the
9 jurisdiction of the federal government may be authorized by federal
10 legislation to engage. Provided further, the Transportation
11 Commission shall formulate for the State Trunk Highway System,
12 including the National System of Interstate and Defense Highways,
13 and for all other highways or portions thereof, rules governing the
14 movement of vehicles or loads which exceed the size or weight
15 limitations specified by the provisions of this chapter.

16 2. Such rules shall be the basis for the development of a
17 system by the Executive Director of the Department of Transportation
18 for the issuance of permits for the movement of oversize or
19 overweight vehicles or loads. Such system shall include, but not be
20 limited to, provisions for duration, seasonal factors, hours of the
21 day or days when valid, special requirements as to flags, flagmen
22 and warning or safety devices and other such items as may be
23 consistent with the intent of this section. The permit system shall
24 include provisions for the collection of permit fees as well as for

1 the issuance of the permits by telephone, electronic transfer or
2 such other methods of issuance as may be deemed feasible.

3 3. The Department of Transportation is authorized to charge a
4 fee of ~~Two Dollars (\$2.00)~~ Three Dollars (\$3.00) for each permit

8 shall be deposited in the State Treasury to the credit of the
9 Department of Transportation and the monies shall be expended by the
10 Department of Transportation solely for the purposes provided for in
11 this chapter.

12 4. It is the purpose of this section to permit the movement of
13 necessary overweight and oversize vehicles or loads consistent with
14 the following obligations:

- 15 a. protection of the motoring public from potential
16 traffic hazards,
- 17 b. protection of highway surfaces, structures, and
18 private property, and
- 19 c. provision for normal flow of traffic with a minimum of
20 interference.

21 B. The Transportation Commission shall prepare and publish a
22 map of this state showing by appropriate symbols the various highway
23 structures and bridges in terms of maximum size and weight
24 restrictions. This map shall be titled "Oklahoma Load Limit Map"

1 and shall be revised periodically to maintain a reasonably current
2 status and in no event shall a period of two (2) years lapse between
3 revisions and publication of the printed version of the Oklahoma
4 Load Limit Map. This map shall also be made available by the
5 Department of Transportation on the Internet, and in no event shall
6 a period of six (6) months lapse between revisions of the
7 information provided on the Internet. Provided, further, the
8 Secretary of the Department of Transportation shall prepare and
9 publish a map of this state showing the advantages of this state as
10 a marketing, warehousing and distribution network center for motor
11 transportation sensitive industries.

12 C. The Executive Director of the Department of Transportation,
13 or an authorized representative, shall have the authority, within
14 the limitations formulated under provisions of this chapter, to

17 or weight limitations of this chapter. Every such permit shall be
18 carried in the vehicle or combination of vehicles to which it refers
19 and shall be open to inspection by any law enforcement officer or
20 authorized agent of any authority granting such permit, and no
21 person shall violate any of the terms or conditions of such special
22 permit.

23 D. It shall be permissible in the transportation of empty
24 trucks on any road or highway to tow by use of saddlemounts, i.e.,

1 mounting the front wheels of one vehicle on the bed of another
2 leaving the rear wheels only of such towed vehicle in contact with
3 the roadway. One vehicle may be fullmounted on the towing or towed
4 vehicles engaged in any driveaway or towaway operation. No more
5 than three saddlemounts may be permitted in such combinations. The
6 towed vehicles shall be securely fastened and operated under the
7 applicable safety requirements of the United States Department of
8 Transportation and such combinations shall not exceed an overall
9 length of seventy-five (75) feet. Provided, a driveaway saddlemount
10 with fullmount vehicle transporter combination may reach an overall
11 length of ninety-seven (97) feet on the National Network of
12 Highways.

13 E. The Executive Director of the Department of Transportation,
14 upon application of any person engaged in the transportation of
15 forest products in the raw state, which is defined to be tree-length
16 logs moving from the forest directly to the mill, or upon
17 application of any person engaged in the hauling for hire or for
18 resale of round baled hay with a total outside width of eleven (11)
19 feet or less, shall issue an annual permit, upon payment of a fee of
20 ~~Twenty-five Dollars (\$25.00)~~ Thirty-five Dollars (\$35.00) each year,
21 authorizing the operation by such persons of such motor vehicle load
22 lengths and widths upon the highways of this state except on the
23 National System of Interstate and Defense Highways. Provided,
24 however, the restriction on use of the National System of Interstate

1 and Defense Highways shall not be applicable to persons engaged in
2 the hauling of round baled hay with a total outside width of eleven
3 (11) feet or less.

4 F. The Executive Director of the Department of Transportation,
5 upon application of any person engaged in the transportation of
6 overwidth or overheight equipment used in soil conservation work
7 with a total outside width of twelve (12) feet or less, shall issue
8 an annual permit, upon payment of a fee of ~~Twenty-five Dollars~~
9 ~~(\$25.00)~~ Thirty-five Dollars (\$35.00) each year, authorizing the
10 operation by such persons of such motor vehicle load lengths and
11 widths upon the highways of this state except on the National System
12 of Interstate and Defense Highways.

13 G. Farm equipment including, but not limited to, implements of
14 husbandry as defined in Section 1-125 of this title shall be
15 exempted from the requirement for special permits due to size. Such
16 equipment may move on any highway, except those highways which are
17 part of the National System of Interstate and Defense Highways,
18 during the hours of darkness and shall be subject to the
19 requirements as provided in Section 12-215 of this title. In
20 addition to those requirements, tractors pulling machinery over
21 thirteen (13) feet wide must have two amber flashing warning lamps
22 symmetrically mounted, laterally and widely spaced as practicable,
23 visible from both front and rear, mounted at least thirty-nine (39)
24 inches high.

1 H. Any rubber-tired road construction vehicle including rubber-
2 tired truck cranes and special mobilized machinery either self-
3 propelled or drawn carrying no load other than component parts
4 safely secured to the machinery and its own weight, but which is
5 overweight by any provisions of this chapter, shall be authorized to
6 move on the highways of this state. Movement of such vehicles shall
7 be authorized on the National System of Interstate and Defense
8 Highways only by special permit secured from the Executive Director
9 of the Department of Transportation or an authorized representative
10 upon determination that the objectives of this section will be
11 served by such a permit and that federal weight restrictions will
12 not be violated. The special permit shall be:

13 1. A single-trip permit issued under the provisions of this
14 section and Section 14-116 of this title; or

15 2. A special annual overweight permit which shall be issued for
16 one calendar year period upon payment of a fee of ~~Sixty Dollars~~
17 ~~(\$60.00)~~ Eighty-five Dollars (\$85.00).

18 The weight of any such vehicle shall not exceed six hundred
19 fifty (650) pounds multiplied by the nominal width of the tire. The
20 vehicle shall be required to carry the safety equipment adjudged
21 necessary for the health and welfare of the driving public. If any
22 oversized vehicle does not come under the other limitations of the
23 present laws, it shall be deemed that the same shall travel only
24 between the hours of sunrise and sunset. The vehicle, being

1 overweight but of legal dimension, shall be allowed continuous
2 travel. The vehicles, except special mobilized machinery, shall be
3 exempt from the laws of this state relating to motor vehicle
4 registration, licensing or other fees or taxes in lieu of ad valorem
5 taxes.

6 I. 1. When such machinery has a width greater than eight and
7 one-half (8 1/2) feet, or a length, exclusive of load, of forty-five
8 (45) feet, or a height in excess of thirteen and one-half (13 1/2)
9 feet, then the permit may restrict movement to a fifty-mile radius
10 from an established operating base, and may designate highways to be
11 traveled, hours of travel and when flagmen may be required to
12 precede or follow the equipment.

13 2. Possession of a permit shall in no way be construed as
14 exempting such equipment from the authority of the Executive
15 Director of the Department of Transportation to restrict use of
16 particular highways, nor shall it exempt owners or operators of such
17 equipment from the responsibility for damage to highways caused by
18 movement of the equipment. Nothing in this subsection shall apply
19 to machinery used in highway construction or road material
20 production.

21 3. Upon the issuance of a special mobilized machinery driveaway
22 permit as provided in this subsection, special mobilized machinery
23 manufactured in Oklahoma shall be permitted to move upon the
24 highways of this state from the place of manufacture to the state

1 line for delivery and exclusive use outside the state, and may be
2 temporarily returned to Oklahoma for modification and repair, with
3 subsequent movement back out of the state. Special driveway
4 permits for such movements shall be issued by the Executive Director
5 of the Department of Transportation, who may act through designated
6 agents, upon the payment of a fee in the amount of ~~Fifteen Dollars~~
7 ~~(\$15.00)~~ Twenty Dollars (\$20.00) for each movement.

8 4. The size of the special mobilized machinery shall not be
9 such as to create a safety hazard in the judgment of the Executive
10 Director of the Department of Transportation. Permits for such
11 special mobilized machinery shall specify a maximum permissible road
12 speed of sixty (60) miles per hour, designate safety equipment to be
13 carried and may exclude use of highways of the interstate system.

14 5. When such equipment has a width greater than eight and one-
15 half (8 1/2) feet, or a length exclusive of load of forty-five (45)
16 feet, or a height in excess of thirteen and one-half (13 1/2) feet,
17 the permit may designate highways to be traveled, hours of travel
18 and when flagmen may be required to precede or follow the equipment.

19 6. Possession of a special driveway permit shall in no way be
20 construed as exempting such equipment from the authority of the
21 Executive Director of the Department of Transportation to restrict
22 use of particular highways, nor shall it exempt the owners or
23 operators of such equipment from the responsibility for damage to
24 highways caused by the movement of such equipment.

1 SECTION 7. AMENDATORY 47 O.S. 2021, Section 14-120, as
