As used in this section:

1. "911" means any telephone system whereby telephone
subscribers may utilize a three-digit number (9-1-1) for reporting
an emergency to the appropriate public agency providing law

5 Essential elements of a behavioral health crisis system include 988
6 crisis lines that accept all calls and texts, and provide support
7 and referrals based on the needs of the individual or family member
8 or caregiver; mobile crisis teams that respond to the location of
9 need in the community; and crisis stabilization facilities that
10 serve everyone who enters its doors from all referral sources.

17 paraprofessionals with appropriate expertise in behavioral health or
18 mental health crisis response, including nurses, social workers,
19 peer support specialists, and others, whose members are trained in
20 trauma-informed care, de-escalation strategies, and harm reduction;
21 that is able to respond in a timely manner and, where appropriate,
