Section 22.1. A. The Oklahoma Legislature recognizes that:

1. Children who have been abused, who are dependent or neglected, or whose parents, for whatever reason, may be unable or unwilling to provide care for their children, are best served when they can be cared for by grandparents or other suitable relatives instead of placing those children in foster care with the State of Oklahoma; and

2. While grandparents or other relatives are often willing to provide for the care of children who can no longer remain with their

1 parents, there may exist financial obstacles to the provision of
2 such care, or there may be a need for other services to enable the
3 children to remain with their grandparents or other relatives in
4 order to prevent the entry of those children into the foster care
5 system.

6 B. It is the intent of the Oklahoma Legislature in enacting
7 this section to:

8 1. Recognize family relationships in which a grandparent or
9 other relative within the third degree of relationship to the child
10 is the head of a household that includes a child otherwise at risk
11 of foster care placement by the Department of Human Services;

12 2. Enhance family preservation and stability by recognizing
13 that most children in placements with grandparents and other
14 relatives within the third degree of relationship to the child do
15 not need intensive supervision of the placement by the courts or by
16 the Department;

17 3. Provide additional placement options and incentives that
18 will achieve permanency and stability for many children who are
19 otherwise at risk of foster care placement by the Department because
20 of abuse, abandonment, or neglect, but who may successfully be able
21 to reside in the care of relatives within the third degree of
22 relationship to the child; and

23 4. Reserve the limited casework and supervisory resources of
24 the Department and the courts expended to care for children in state

1 custody for those cases in which children do not have the option for
2 safe, stable care within their immediate family.

3 C. The Department of Human Services shall establish and operate
4 a relative support program pursuant to eligibility guidelines
5 established in this section and by rules of the Department
6 promulgated thereto which will divert children from the foster care
7 program operated by the Department. The relative support program
8 shall provide assistance to relatives within the third degree of
9 relationship to a child who are caring for the child on a full-time
10 basis, regardless of whether there is a court order granting custody
11 of the child to the relative.

12 D. Grandparents or other such relatives who qualify for and
13 participate in the relative support program are not required to be
14 certified as foster parents or to meet the foster care requirements
15 but shall be capable of providing a physically safe environment and
16 a stable, supportive home for the children under their care.

17 E. Upon request by grandparents or other relatives who are
18 caring for a child on a full-time basis, the Department shall
19 complete a needs assessment on such grandparents or other relatives

6 by federal law or regulations governing the Department of Human
7 Services' block grant for Temporary Assistance for Needy Families
8 (TANF), the Department is specifically authorized to provide funding
9 assistance from such block grant or other available funds for the

12 necessary for the provision of the Statewide Temporary Assistance
13 Responsibility System. In addition, the Department may use any

15 for such purposes to implement the provisions of this section.

16 I. 1. In order to qualify for the receipt of any monthly
17 stipend, the grandparent or other relative shall meet any
18 eligibility criteria determined by the Department of Human Services.

19 2. Within limits of available funding, monthly stipends may be
20 paid to grandparents or other relatives with the third degree of
21 relationship to the child who have physical full-time custody of a
22 child who would be unable to serve in that capacity without a
23 monthly stipend because of inadequate financial resources, thus
24 exposing the child to the trauma of potential placement in a shelter

1 or in foster care placement by the Department of Human Services.
2 The statewide average monthly rate for children in the legal custody
3 of grandparents or other relatives who are not certified as foster
4 homes shall not exceed the cost of providing foster care.

6 grandparents or other relatives within the third degree of
7 relationship and children, based upon specific needs of the
8 grandparent or other relative of the child and the specific needs of

13 defendant is required to participate as a condition of probation.
14 When seeking to enter the prohibited judicial district for personal
15 business not related to his or her criminal case, the defendant
16 shall be required to obtain approval by the court.

17 B. Notwithstanding any other provision of law, any person who
18 is found guilty of a violation of any provision of Section 761 or

12 Department of Mental Health and Substance Abuse Services shall
13 solicit or refer any person evaluated pursuant to this subsection
14 for any treatment program or alcohol and drug substance abuse
15 service in which such person, agency or facility has a vested
16 interest; however, this provision shall not be construed to prohibit
17 the court from ordering participation in or any person from
18 voluntarily utilizing a treatment program or alcohol and drug
19 substance abuse service offered by such person, agency or facility.
20 If a person is sentenced to the custody of the Department of
21 Corrections and the court has received a written evaluation report
22 pursuant to this subsection, the report shall be furnished to the
23 Department of Corrections with the judgment and sentence. Any
24 evaluation report submitted to the court pursuant to this subsection

1 shall be handled in a manner which will keep such report
2 confidential from the general public's review. Nothing contained in
3 this subsection shall be construed to prohibit the court from
4 ordering judgment and sentence in the event the defendant fails or
5 refuses to comply with an order of the court to obtain the
6 evaluation required by this subsection.

7 C. When sentencing a person convicted of a crime, the court
8 shall first consider a program of restitution for the victim, as
9 well as imposition of a fine or incarceration of the offender. The
10 provisions of paragraph 1 of subsection A of this section shall not
11 apply to defendants being sentenced upon their third or subsequent
12 to their third conviction of a felony. Provided, the court may
13 waive these prohibitions upon written application of the district

15 the record of the case.

16 D. When sentencing a person convicted of a crime, the judge
17 shall consider any victim impact statements if submitted to the
18 jury, or the judge in the event a jury is waived.

19 E. Probation, for purposes of subsection A of this section, is
20 a procedure by which a defendant found guilty of a crime, whether

22 is released by the court subject to conditions imposed by the court
23 and subject to supervision by the Department of Corrections, a
24 private supervision provider or other person designated by the

1 court. Such supervision shall be initiated upon an order of
2 probation from the court, and shall not exceed two (2) years, unless
3 a petition alleging a violation of any condition of deferred
4 judgment or seeking revocation of the suspended sentence is filed
5 during the supervision, or as otherwise provided by law. In the
6 case of a person convicted of a sex offense, supervision shall begin
7 immediately upon release from incarceration or if parole is granted
8 and shall not be limited to two (2) years. Provided further, any
9 supervision provided for in this section may be extended for a
10 period not to exceed the expiration of the maximum term or terms of
11 the sentence upon a determination by the court or the Division of
12 Probation and Parole of the Department of Corrections that the best
13 interests of the public and the release will be served by an
14 extended period of supervision.

15 F. The Department of Corrections, or such other agency as the
16 court may designate, shall be responsible for the monitoring and
17 administration of the restitution and service programs provided for
18 by subparagraphs a, c and d of paragraph 1 of subsection A of this

4 be limited to offenders who would otherwise be sentenced to
5 confinement with the Department of Corrections.

6 3. The Department shall establish criteria and specifications
7 for contracts with counties for such Programs. A county may apply
8 to the Department for a contract for a county-funded Program for a
9 specific period of time. The Department shall be responsible for
10 ensuring that any contracting county complies in full with
11 specifications and requirements of the contract. The contract shall
12 set appropriate compensation to the county for services to the
13 Department.

14 4. The Department is hereby authorized to provide technical
15 assistance to any county in establishing a Program, regardless of
16 whether the county enters into a contract pursuant to this
17 subsection. Technical assistance shall include appropriate
18 staffing, development of community resources, sponsorship,
19 supervision, and any other requirements.

20 5. The Department shall annually, utilizing the centralized
21 filing system provided for in Section 378 of this act,
22 electronically make a report to the Governor, the President Pro
23 Tempore of the Senate, and the Speaker of the House on the number of
24 such Programs, the number of participating offenders, the success

17 SECTION 58. AMENDATORY 22 O.S. 2021, Section 991f-1.1,
18 is amended to read as follows:

19 Section 991f-1.1. A. Each district attorney shall create
20 within the district attorney's office a Restitution and Diversion
21 Program and assign sufficient staff and resources for the efficient
22 operation of such program. The purpose of the Restitution and
23 Diversion Program is to allow the district attorney the discretion
24 to divert criminal complaints involving property crimes from

1 criminal court and to monitor restitution payments. At the
2 discretion of the district attorney, the program may be administered
3 by the Bogus Check Restitution Program operated by the county.

4 B. 1. Referral of a criminal complaint to the Restitution and
5 Diversion Program shall be at the discretion of the district
6 attorney. This act shall not limit the power of the district
7 attorney to prosecute criminal complaints.

8 2. Upon receipt of a criminal complaint involving property, the
9 district attorney shall determine if the complaint is one which is
10 appropriate for deferred prosecution.

11 3. In determining whether to defer prosecution and refer a case
12 to the Restitution and Diversion Program, the district attorney
13 shall consider the following factors:

- 14 a. whether the criminal complaint alleges an offense
15 involving property,
- 16 b. whether the alleged offense was committed in an
17 aggressive, violent, premeditated or willful manner,
- 18 c. the prospects for adequate protection of the public if
19 the accused person is processed through deferred
20 prosecution in the Restitution and Diversion Program,
- 21 d. the number of criminal complaints against the
22 defendant previously received by the district
23 attorney,

- e. whether or not there are other criminal complaints currently pending against the defendant,
- f. the strength of the evidence of the particular criminal complaint, and
- g. the wishes of the victim.

C. Upon referral of a complaint to the Restitution and Diversion Program, a notice of the complaint shall be forwarded by mail to the accused person. The notice shall contain:

1. The date the act which is the subject of the complaint occurred;
2. The name of the victim;
3. The date before which the accused person ~~must~~ shall contact the office of the district attorney concerning the complaint; and
4. A statement of the penalty for the crime which is the subject of the complaint.

D. The district attorney may enter into a written agreement with the accused person to defer prosecution on the criminal complaint for a period to be determined by the district attorney, not to exceed three (3) years pending restitution being made to the victim of the complaint and payment of necessary fees.

E. Each restitution agreement shall include a provision requiring the accused person to pay to the district attorneys office a fee equal to the amount which would have been assessed as court costs upon the filing of the case in district court plus Twenty-five

1 Dollars (\$25.00) for each criminal complaint covered by the
2 agreement. This fee may be deposited in a special fund with the
3 county treasurer to be known as the "Restitution and Diversion
4 Program Fund" or in the Bogus Check Restitution Fund. The monies
5 deposited in the Restitution and Diversion Program Fund shall be
6 used by the district attorney to make any lawful expenditure
7 associated with the district attorney's office. The district
8 attorney shall keep records of all monies deposited to and disbursed
9 from these funds. The records of these funds shall be audited at
10 the same time the records of county funds are audited.

11 F. 1. Restitution to be paid by the accused person to the
12 victim shall include out-of-pocket expenses the victim incurred as a
13 direct result of the crime having been committed. A restitution
14 agreement may include provisions for restitution in an amount up to
15 treble the amount of property involved except such restitution shall
16 not apply to false or bogus checks. If, instead of paying
17 restitution directly to the victim, the accused person delivers
18 restitution funds to the office of the district attorney, the
19 district attorney shall deposit such funds in a depository account
20 in the office of the county treasurer to be disbursed to the victim
21 by a warrant signed by the district attorney or a member of the
22 district attorney's staff assigned to the Restitution and Diversion
23 Program. The district attorney shall keep full records of all
24

1 restitution monies received and disbursed. These records shall be
2 audited at the same time the county funds are audited;

3 2. If the accused person fails to comply with the provisions of
4 the Restitution and Diversion Program agreement, the district
5 attorney may file an information and proceed with the prosecution of
6 the accused person as provided by law.

7 G. Members of the district attorney's staff shall perform
8 duties in connection with the Restitution and Diversion Program in
9 addition to any other duties which may be assigned by the district
10 attorney.

11 H. 1. District attorneys shall prepare and submit an annual
12 report to the District Attorneys Council showing total deposits and
13 total expenditures in the Restitution and Diversion Program.

14 2. By September 15 of each year, the District Attorneys Council
15 shall publish an annual report for the previous fiscal year of the
16 Restitution and Diversion Program. A copy of the report shall be
17 electronically distributed to the President Pro Tempore of the
18 Senate ~~and~~, the Speaker of the House of Representatives, and the

23 Diversion Program. This report shall include the number of cases
24 processed, the total dollar amount for which restitution was made,

1 the total amount of the restitution collected, the total amount of
2 fees collected, the total cost of the program, and such other
3 information as required by the District Attorneys Council.

22 any other state, or the federal government received as a direct
23 result of the crime for injury, loss of earnings or out-of-pocket
24 loss.

9 SECTION 65. AMENDATORY 27A O.S. 2021, Section 2-3-109,
10 is amended to read as follows:

11 Section 2-3-109. A. There is hereby created the "Oklahoma
12 Energy Efficiency and Emission Reduction Program", to be
13 administered by the Department of Environmental Quality. The
14 purpose of the Oklahoma Energy Efficiency and Emission Reduction
15 Program is to fund activities and projects designed to reduce
16 regional air pollution.

17 B. The Oklahoma Legislature finds that any activity or project
18 that reduces regional air pollution is desirable and advantageous
19 and serves a compelling public interest. Further, improved air
20 quality enhances the health and quality of life for the citizens of
21 Oklahoma, helps maintain the abundant natural beauty and resources
22 of the state, and fosters the economic well-being of the state by
23 reducing the potential that the federal government will designate
24 some or all of the state as in air-quality "nonattainment" status,

1 resulting in extremely burdensome additional regulatory
2 requirements.

3 C. 1. Any funds made available for the Oklahoma Energy
4 Efficiency and Emission Reduction Program shall be used by the
5 Department for matching grants to governmental and nongovernmental
6 entities in Oklahoma to encourage the implementation of recognized
7 air pollution reduction measures, including, but not limited to, the
8 retrofitting of truck and bus fleets or locomotives to use cleaner
9 fuels and the installation and implementation of energy efficiency
10 measures.

11 2. Grants awarded under the Program shall be limited to ninety-
12 five percent (95%) of the direct project costs in the case of
13 governmental entities and seventy-five percent (75%) of the direct
14 project costs in the case of nongovernmental entities.

15 3. In making grant awards, the Department shall enter into a
16 contract or memorandum of agreement with the grantee that includes
17 conditions and safeguards to ensure that the matching funds are
18 expended for the purposes specified and that the state receives a
19 clear benefit from the expenditure. In addition to any other
20 conditions and safeguards deemed necessary and appropriate:

- 21 a. the Department shall require grant recipients to
22 submit a report within a reasonable time after
23 construction, installation, or implementation of the
24 project that summarizes the results, including

1 emissions reductions achieved and "lessons learned".

2 Information from the reports may be used by the
3 Department in evaluation of future grant applications
4 or proposals for the Oklahoma Energy Efficiency and
5 Emission Reduction Program or any similar grant
6 program and to determine the viability of other
7 projects or programs that may be proposed to control
8 or reduce air pollution in the state, and

9 b. to secure the maximum possible benefit by increasing
10 awareness of the Oklahoma Energy Efficiency and
11 Emission Reduction Program, the Department may require
12 any grant recipient to post notice in a conspicuous
13 place of participation in the Program and the nature
14 of the funded project.

15 4. Before making any grants, the Department shall determine to
16 its satisfaction that the proposed project will significantly reduce
17 air pollution within the state. The Department is authorized to set
18 a deadline for grant applications, and if the total grant funding
19 sought exceeds the amount available under the Program, the
20 Department shall give priority to those projects that appear to
21 achieve the maximum public health benefit for citizens of the state.

22 5. Not more than twenty-five percent (25%) of the total sum
23 available for grants under the Program shall be awarded to any
24 single entity. Application of this limit shall not preclude

1 participation by the recipient in any similar grant program in the
2 future.

3 D. If funds are appropriated by the Legislature for the
4 Oklahoma Energy Efficiency and Emission Reduction Program, not more
5 than One Hundred Thousand Dollars (\$100,000.00) annually of the
6 funds shall be used by the Department for personnel and other costs
7 associated with administration and management of the Program, and
8 for providing technical assistance to entities applying for and
9 participating in the Program.

10 E. On or before September 1, 2009, and by September 1 each year
11 thereafter, the Department shall, utilizing the centralized filing
12 system provided for in Section 378 of this act, electronically
13 submit to the Governor, the Speaker of the House of Representatives,
14 and the President Pro Tempore of the Senate a report on the Oklahoma
15 Energy Efficiency and Emission Reduction Program. The report shall
16 outline program expenditures, estimate emission reductions achieved,
17 and health or environmental benefits associated with those
18 reductions for the previous fiscal year, and any other information
19 the Department determines is necessary to aid the Governor and
20 Legislature in evaluating the Program.

21 SECTION 66. AMENDATORY 27A O.S. 2021, Section 2-6-501.4,
22 is amended to read as follows:

23 Section 2-6-501.4. A. ~~1-~~ The Department shall not approve any
24 sludge management plan or issue any permit for the land application

1 of sludge which contains heavy metal concentrations significantly
2 above concentration ranges normal to sludges with demonstrated
3 effectiveness on Oklahoma soils as determined by the Department.
4 Rules promulgated by the Board for applications for sludge
5 management plans and permits shall require a study of the effects of
6 the sludge on the various types of soils and crops found at the
7 location of the proposed sludge application site. Such study shall
8 encompass the effects of the sludge on the soils and crops during
9 four (4) growing seasons.

10 ~~2-~~ B. Any municipality having a sludge management plan approved
11 prior to May 25, 1992, for the land application of sludge containing
12 heavy metal concentrations significantly above acceptable
13 concentration ranges may discontinue such land application of the
14 sludge or shall develop a corrective action plan containing a
15 schedule of compliance for reducing the heavy metal concentration to
16 an acceptable range. The municipality shall submit the corrective
17 action plan to the Department for approval. If the Department
18 disapproves of the plan or the municipality fails to comply with the
19 plan so approved, the Department may require that any such land
20 applications of sludge by the municipality be discontinued pursuant
21 to Article II of the Administrative Procedures Act.

22 ~~B. For developing statewide criteria for application of sludge~~
23 ~~which contains heavy metal concentrations significantly above~~
24 ~~concentration ranges normal to sludge, the Department shall utilize~~

~~a comprehensive study of the potential adverse effects of such
sludge on the soils of this state completed by a qualified research
institute familiar with the crops and soils of this state. Such
study shall be completed by September 1, 1996, and a report of the
findings shall be delivered to the Governor, the President Pro
Tempore of the Senate, the Speaker of the House of Representatives
and the Executive Director no later than September 1, 1996.~~

centralized filing system provided for in Section 378 of this act,
electronically submit a written report on the use and disposition of
the fund to the Oklahoma State Legislature.

SECTION 68. AMENDATORY 27A O.S. 2021, Section 2-10-802,
is amended to read as follows:

Section 2-10-802. A. 1. Owners or operators of landfill
disposal sites which are not generator-owned and -operated
nonhazardous industrial waste monofills and owners or operators of
commercial incinerators shall install scales. Such scales shall be
installed on or within five (5) miles of the landfill disposal site
or incinerator and shall be tested and certified as required by
Section 14-35 of Title 2 of the Oklahoma Statutes relating to the
authority of the State Board of Agriculture to test the standards of
weights and measures within the state and to approve if found to be

1 correct. For purposes of this section, any reference to
2 "incinerator" or "incineration" shall encompass waste-to-energy
3 facilities that produce recoverable energy by high-temperature
4 combustion.

5 2. The owner or operator shall upon receipt weigh all waste
6 received and record the weight in writing. If scales at a disposal
7 site or incinerator are not operative, tonnage shall be estimated on
8 a volume basis whereby the volume reported shall be no less than the
9 volume capacity of the containers or, if none, of the vehicles
10 delivering the waste, and one cubic yard of solid waste shall be
11 calculated to weigh one-third ($1/3$) ton. The owner or operator
12 shall place notice in the operating record of the disposal site or
13 incinerator of the time and date at which the scales became
14 inoperable, describe the steps taken to repair them, and note the
15 date use was resumed. If daily use has not resumed within thirty
16 (30) days after the scales became inoperable, the owner or operator
17 shall give written notice to the Department of Environmental
18 Quality.

19 3. The owner or operator shall also maintain a written record
20 of the weight or volume of any solid waste received which is
21 productively reused or recovered in materially the same form as when
22 received and sold in accordance with the permit for the landfill
23 disposal site or incinerator.

24

1 4. The scale location restriction of this subsection shall not
2 apply to federal or state military installations so long as:

- 3 a. the scales are located within the physical boundary of
- 4 that installation, and
- 5 b. the disposal site or incinerator receives waste only
- 6 from that military installation.

7 B. 1. Except as otherwise provided by this subsection:

- 8 a. owners and operators of landfill disposal sites or
- 9 commercial incinerators which receive an average of
- 10 less than one hundred (100) tons of solid waste per
- 11 operating day shall assess a fee of One Dollar and
- 12 fifty cents (\$1.50) per ton of solid waste received
- 13 for disposal or incineration. A total of fifty cents
- 14 (\$.50) per ton of such fee shall be retained by the
- 15 owner or operator and used exclusively for capital
- 16 improvement to their facilities and for the projects
- 17 required pursuant to the Oklahoma Solid Waste
- 18 Management Act or the permit for the disposal site or
- 19 incinerator for such period of time necessary to
- 20 recoup a capital investment, plus the interest costs
- 21 expended in purchasing the scales, of a total of Forty
- 22 Thousand Dollars (\$40,000.00),
- 23 b. when the owner or operators have recouped a capital
- 24 investment of the total specified in subparagraph a of

1 this paragraph, the fee to be assessed shall be One
2 Dollar and twenty-five cents (\$1.25) per ton of solid
3 waste received for disposal or incineration. At such
4 time, for a return with remittance filed on or before
5 the due date, the owner or operator may deduct and
6 retain ten percent (10%) of the fees collected, and
7 c. records documenting the projects and use of the funds
8 shall be included with each return.

9 2. a. Owners and operators of landfill disposal sites or
10 commercial incinerators which receive an average of
11 more than one hundred (100) tons of solid waste per
12 operating day shall assess a fee of One Dollar and
13 fifty cents (\$1.50) per ton of solid waste received
14 for disposal or incineration, retaining twenty-five
15 cents (\$0.25) per ton for a period of time necessary
16 to recoup a capital investment, plus the interest
17 costs expended in purchasing the scales, of Forty
18 Thousand Dollars (\$40,000.00). At the end of such
19 period the fee shall revert to One Dollar and twenty-
20 five cents (\$1.25) per ton. For a return with
21 remittance filed on or before the due date, the owner
22 or operator may deduct and retain ten percent (10%) of
23 the fees collected.

b. Records documenting the capital investment and the use of the funds shall be included with each return.

3. Owners and operators of commercial composting facilities shall assess a fee of One Dollar and twenty-five cents (\$1.25) per ton of all composting material received.

4. a. Owners and operators of landfill disposal sites or commercial incinerators may be reimbursed for capital investment costs that have been or will be expended for the purchase and installation of a wheel wash system for use at the landfill disposal site or commercial incinerator facility. To be eligible to claim this reimbursement, the owner or operator ~~must~~ shall notify the Department no later than January 1, 2011, of the intent to claim the reimbursement, and the wheel wash system ~~must~~ shall be in place and operational no later than January 1, 2012.

Reimbursement shall be paid only after the wheel wash system is installed and operational and each landfill disposal site or commercial incinerator shall be eligible for reimbursement for only one wheel wash system.

b. The owner or operator shall provide records documenting the capital investment costs of the wheel wash system to the Department.

- 1 c. At such time as the wheel wash system is in place and
2 operational and the capital investment costs have been
3 approved by the Department, the Department shall
4 reimburse the owner or operator the approved costs,
5 subject to the limitations in subparagraph d of this
6 paragraph. The Department shall reimburse eligible
7 applicants in the order of approval until that
8 limitation has been reached. If there are multiple
9 eligible applicants awaiting reimbursement, the
10 Department shall apportion the reimbursement amount
11 among the eligible applicants according to the capital
12 investment costs approved by the Department.
- 13 d. If the total amount reimbursed to all eligible owners
14 and operators reaches Fifty Thousand Dollars
15 (\$50,000.00) within any state fiscal year, the
16 Department shall notify the owners and operators, and
17 thereafter the owners and operators shall not receive
18 any reimbursement until the next state fiscal year.
- 19 e. The Environmental Quality Board is authorized to
20 promulgate rules as necessary to implement the
21 provisions of the Solid Waste Management Act,
22 including rules specifying minimum standards or other
23 criteria for wheel wash systems necessary to qualify
24 for the reimbursement.

1 5. The fee assessed by paragraph 1 or 2 of this subsection
2 shall not be imposed on:

3 a. the solid waste received which is productively reused
4 or recovered in materially the same form as when
5 received in accordance with the permit for the
6 landfill disposal site or incinerator. The owner or
7 operator shall include records pertaining to this fee
8 exemption in the quarterly return of fees to the
9 Department,

10 b. generator-owned and -operated nonhazardous waste land
11 disposal monofills and waste subject to a fee pursuant
12 to Section 2-10-803 of this title. For emergencies
13 and other special events, the Department and the owner
14 or operator of a site subject to this section may
15 enter into a formal agreement to waive the fee, and

16 c. ash produced as a result of the combustion in a
17 commercial incinerator of waste on which the fee
18 imposed by this section has been paid.

19 6. Large industrial waste generators who generate over ten
20 thousand (10,000) tons of nonhazardous industrial solid waste in the
21 state in a calendar year may annually apply to the Department for a
22 certificate exempting the disposal or incineration of such generated
23 waste in excess of ten thousand (10,000) tons from the disposal and
24 incineration fee authorized by this section. An applicant ~~must~~

1 shall have implemented a pollution prevention plan for such waste
2 and filed it with the Department, provided operational documentation
3 regarding such plan and paid the disposal and incineration fee on
4 ten thousand (10,000) tons of the waste during the calendar year of
5 application. The Department-issued exemption certificates shall be
6 valid for the remainder of the calendar year of application, may
7 contain conditions, and, upon presentation by authorized persons,
8 shall be recognized by owners or operators of landfill disposal
9 sites and incinerators subject to this section. If a generator
10 operates a landfill or incinerator solely for waste from that
11 generator, and if that generator chooses to seek the exemption
12 authorized by this paragraph, the generator shall not be required to

When making a determination pursuant to this subsection, a licensing or certification authority shall consider:

1. The nature and seriousness of the offense;
2. The amount of time that has passed since the offense;

18 3. A conviction or plea of guilty or nolo contendere for which
19 more than five (5) years have elapsed since the date of conviction,
20 plea, or release from incarceration, whichever is later, so long as

1. The specific offense that is the basis for the intended denial;

2. The reasons the offense was determined to substantially relate to the duties and responsibilities of the occupation and posed a reasonable threat to public safety, health, or welfare, including findings for each of the factors in subsection B of this

12 authority, and notice of the earliest date the applicant may reapply
13 for a license.

14 F. A person with a criminal history record may request a
15 determination of whether his or her criminal history record may
16 disqualify him or her from obtaining the desired license or
17 certification in the occupation from a state licensing or state
18 certification authority at any time, including before obtaining any
19 required education or training for such occupation. The request
20 shall be in writing and shall include either a copy of the person's

17 which shall be considered as a minimal fiscal impact for the current

8 Act. The scope of services shall include a provision requiring the
9 contractor to provide at least one draft report for each incentive
10 prior to the issuance of the final report; provided, the contractor
11 may determine the timing and frequency of draft reports based on the
12 availability of information and the potential for draft reports to
13 assist the Commission in making a final recommendation. The cost of
14 such contract shall be paid by the Office of Management and
15 Enterprise Services. No recipient or potential recipient of an
16 incentive or representative of a recipient or potential recipient
17 shall contact the entity or individual with whom the Commission
18 contracts pursuant to this subsection unless the entity or

22 conducted pursuant to subsection B of this section.

23 B. By October 1 of each year beginning in calendar year 2023,
24 the Commission or the Commission's chosen contractor shall evaluate

1 each incentive scheduled for review that year. The Commission or

3 considerations in addition to other relevant factors:

4 a. the extent to which the incentive changes business
5 behavior,

6 b. the results of the incentive for the economy of
7 Oklahoma as a whole. This consideration includes both
8 positive direct and indirect impacts and any negative
9 effects on other Oklahoma businesses, and

10 c. a comparison to the results of other incentives or
11 other economic development strategies with similar
12 goals;

13 2. An assessment of whether adequate protections are in place
14 to ensure the fiscal impact of the incentive does not increase
15 substantially beyond the state's expectations in future years;

16 3. An assessment of whether the incentive is being administered
17 effectively;

18 4. An assessment of whether the incentive is achieving its
19 goals;

20 5. Recommendations for how the state can most effectively
21 achieve the incentive's goals, including recommendations on whether
22 the incentive should be retained, reconfigured, or repealed; and

23 6. Recommendations for any changes to state policy, rules, or
24 statutes that would allow the incentive to be more easily or

1 conclusively evaluated in the future. These recommendations may
2 include changes to collection, reporting, and sharing of data, and
3 revisions or clarifications to the goal of the incentive.

4 D. Evaluation criteria shall be developed for each incentive
5 evaluated by the Commission. Each incentive shall be evaluated
6 using criteria specific to the individual incentive. The criteria
7 shall be developed by the Commission through the administrative
8 rulemaking process pursuant to the Administrative Procedures Act,
9 Section 250 et seq. of Title 75 of the Oklahoma Statutes, and
10 codified in the administrative code of the Oklahoma Department of
11 Commerce.

12 E. At the request of the Incentive Evaluation Commission,
13 unless prohibited by the Oklahoma Constitution, Oklahoma Statutes,
14 or federal law, state agencies shall provide any records,
15 information, data, or data analysis necessary for the Commission or

10 C. As used in this section, "motor vehicle" means a motor
11 vehicle originally designed by the manufacturer to operate lawfully
12 and principally on streets and highways.

13 D. The credit provided for in subsection A of this section

18 E. In cases where no credit has been claimed pursuant to
19 paragraph 1 of subsection D of this section by any prior owner and
20 in which a motor vehicle is purchased by a taxpayer with qualified
21 clean-burning motor vehicle fuel property installed by the
22 manufacturer of such motor vehicle and the taxpayer is unable or
23 elects not to determine the exact basis which is attributable to
24 such property, the taxpayer may claim a credit in an amount not

3 F. If the tax credit allowed pursuant to subsection A of this
4 section exceeds the amount of income taxes due or if there are no

10 section shall not be used to reduce the tax liability of the
11 taxpayer to less than zero (0).

12 G. A husband and wife who file separate returns for a taxable

16 H. The Oklahoma Tax Commission is herein empowered to
17 promulgate rules by which the purpose of this section shall be
18 administered including the power to establish and enforce penalties
19 for violations thereof.

20 I. Notwithstanding the provisions of Section 2352 of this
21 title, for the fiscal year beginning on July 1, 2014, through fiscal
22 year 2023, the Tax Commission shall calculate an amount that equals
23 five percent (5%) of the cost of qualified clean-burning motor
24 vehicle fuel property as provided for in paragraph 1 of subsection D

1 of this section for tax year 2012. For each subsequent fiscal year
2 thereafter, the Tax Commission shall perform the same computation
3 with respect to the second tax year preceding the beginning of each
4 subsequent fiscal year. For fiscal year 2024, the Tax Commission
5 shall calculate an amount that equals twelve percent (12%) of the
6 credit for qualified clean-burning motor vehicle fuel property as
7 provided in paragraph 1 of subsection D of this section for tax year
8 2021. For each subsequent fiscal year, the Tax Commission shall
9 perform the same calculation for credits claimed in the second
10 preceding tax year. The Tax Commission shall then transfer an
11 amount equal to the amount calculated in this subsection from the
12 revenue derived pursuant to the provisions of subsections A, B and E
13 of Section 2355 of this title to the Compressed Natural Gas
14 Conversion Safety and Regulation Fund created in Section 130.25 of
15 Title 74 of the Oklahoma Statutes.

16 J. For the tax years 2020 through 2022, the total amount of
17 credits authorized by this section used to offset tax shall be
18 adjusted annually to limit the annual amount of credits to Twenty
19 Million Dollars (\$20,000,000.00). The Tax Commission shall annually
20 calculate and publish by the first day of the affected taxable year
21 a percentage by which the credits authorized by this section shall
22 be reduced so the total amount of credits used to offset tax does
23 not exceed Twenty Million Dollars (\$20,000,000.00) per year. The
24 formula to be used for the percentage adjustment shall be Twenty

1 Million Dollars (\$20,000,000.00) divided by the credits claimed in
2 the second preceding year, with respect to any changes to the future
3 of the credit.

4 K. Pursuant to subsection J of this section, in the event the
5 total tax credits authorized by this section exceed Twenty Million
6 Dollars (\$20,000,000.00) in any calendar year, the Tax Commission
7 shall permit any excess over Twenty Million Dollars (\$20,000,000.00)
8 but shall factor such excess into the percentage adjustment formula
9 for subsequent years with respect to any changes to the future of
10 the credit.

11 L. For the tax years 2023 through 2028, the total amount of
12 credits authorized by this section used to offset tax shall be
13 adjusted annually to limit the annual amount of credits to:

14 1. Ten Million Dollars (\$10,000,000.00) for qualified clean
15 burning fuel property propelled by compressed natural gas, liquefied
16 natural gas, or liquefied petroleum gas, property related to the
17 delivery of compressed natural gas, liquefied natural gas or
18 liquefied petroleum gas, and property directly related to the
19 compression and delivery of natural gas;

20 2. Ten Million Dollars (\$10,000,000.00) for property originally
21 equipped so that the vehicle may be propelled by a hydrogen fuel
22 cell electric fueling system and property directly related to the
23 delivery of hydrogen; and
24

1 3. Ten Million Dollars (\$10,000,000.00) for property which is a
2 metered-for-fee, public access recharging system for motor vehicles
3 propelled in whole or in part by electricity.

4 The Tax Commission shall annually calculate and publish by the
5 first day of the affected taxable year a percentage by which the
6 credits authorized by this section shall be reduced so the total
7 amount of credits used to offset tax does not exceed each of the
8 limits provided in paragraphs 1 through 3 of this subsection. The
9 formula to be used for the percentage adjustment shall be Ten
10 Million Dollars (\$10,000,000.00) divided by the credits claimed in
11 the second preceding year, with respect to any changes to the future
12 of the credit.

13 M. Pursuant to subsection L of this section, in the event the
14 tax credits authorized by this section exceed any of the limits
15 provided in paragraphs 1 through 3 of subsection L of this section
16 in any year, the Tax Commission shall permit any excess over Ten
17 Million Dollars (\$10,000,000.00) but shall factor such excess into
18 the percentage adjustment formula for subsequent years with respect
19 to any changes to the future of the credit.

20 N. The Tax Commission shall notify the Office of the State
21 Secretary of Energy and Environment at any time when the amount of
22 claims for credits allowed pursuant to this section reaches eighty
23 percent (80%) of the total annual limit provided in subsection J of
24 this section. Upon such notification, the Secretary shall,

1 utilizing the centralized filing system provided for in Section 378
2 of this act, electronically provide notice to the Governor,
3 President Pro Tempore of the Senate, and Speaker of the House of
4 Representatives.

12 January 1, 2004, shall be seventy-five one-hundredths of one cent
13 (\$0.0075) for each kilowatt-hour of electricity generated by zero-
14 emission facilities. For electricity generated on or after January
15 1, 2004, but prior to January 1, 2007, the amount of the credit
16 shall be fifty one-hundredths of one cent (\$0.0050) per kilowatt-
17 hour for electricity generated by zero-emission facilities. For
18 electricity generated on or after January 1, 2007, but prior to
19 January 1, 2012, the amount of the credit shall be twenty-five one-
20 hundredths of one cent (\$0.0025) per kilowatt-hour of electricity
21 generated by zero-emission facilities. For facilities placed in

1 credit for the electricity generated on or after January 1, 2007,
2 shall be fifty one-hundredths of one cent (\$0.0050) for each
3 kilowatt-hour of electricity generated by zero-emission facilities.

4 C. Credits may be claimed with respect to electricity generated
5 on or after January 1, 2003, during a ten-year period following the
6 date that the facility is placed in operation on or after June 4,
7 2001.

8 D. 1. For credits generated prior to January 1, 2014, if the
9 credit allowed pursuant to this section exceeds the amount of income
10 taxes due or if there are no state income taxes due on the income of
11 the taxpayer, the amount of the credit allowed but not used in any
12 tax year may be carried forward as a credit against subsequent
13 income tax liability for a period not exceeding ten (10) years.

14 2. Except as provided by paragraph 3 of this subsection, for
15 credits generated, but not used, on or after January 1, 2014, the
16 Oklahoma Tax Commission shall refund, at the taxpayer's election,
17 directly to the taxpayer eighty-five percent (85%) of the face
18 amount of such credits. The direct refund of the credits pursuant
19 to this paragraph shall be available to all taxpayers, including,
20 without limitation, pass-through entities, and taxpayers subject to
21 Section 2355 of this title, but shall not be available to any
22 entities falling within the provisions of subsection E of this
23 section. The amount of any direct refund of credits actually
24 received at the eighty-five percent (85%) level by the taxpayer

1 pursuant to this paragraph shall not be subject to the tax imposed
2 by Section 2355 of this title. If the pass-through entity does not
3 file a claim for a direct refund, the pass-through entity shall
4 allocate the credit to one or more of the shareholders, partners or
5 members of the pass-through entity; provided, the total of all
6 credits refunded or allocated shall not exceed the amount of the
7 credit or refund to which the pass-through entity is entitled. For
8 the purposes of this paragraph, "pass-through entity" means a
9 corporation that for the applicable tax year is treated as an S
10 corporation under the Internal Revenue Code of 1986, as amended,
11 general partnership, limited partnership, limited liability
12 partnership, trust or limited liability company that for the
13 applicable tax year is not taxed as a corporation for federal income
14 tax purposes.

15 3. With respect to credits claimed for the first time on or
16 after July 1, 2019, or the effective date of this act, whichever
17 date last occurs, a taxpayer may irrevocably elect to not receive a
18 direct refund for a given tax year. Any credits not directly
19 refunded may be carried forward as a credit against subsequent
20 income tax liability for a period not exceeding ten (10) years. If
21 a taxpayer makes the irrevocable election to carry over credits for
22 a given tax year pursuant to this paragraph, any credits remaining
23 in the tenth year of carry forward shall be refunded at eighty-five
24 percent (85%).

1 E. Any nontaxable entities, including agencies of the State of
2 Oklahoma or political subdivisions thereof, shall be eligible to
3 establish a transferable tax credit in the amount provided in
4 subsection B of this section. Such tax credit shall be a property
5 right available to a state agency or political subdivision of this
6 state to transfer or sell to a taxable entity, whether individual or
7 corporate, who shall have an actual or anticipated income tax
8 liability under Section 2355 of this title. These tax credit
9 provisions are authorized as an incentive to the State of Oklahoma,
10 its agencies, and its political subdivisions to encourage the
11 expenditure of funds in the development, construction, and
12 utilization of electricity from zero-emission facilities as defined
13 in subsection A of this section.

14 F. For credits generated prior to January 1, 2014, the amount
15 of the credit allowed, but not used, shall be freely transferable at
16 any time during the ten (10) years following the year of
17 qualification. Any person to whom or to which a tax credit is
18 transferred shall have only such rights to claim and use the credit
19 under the terms that would have applied to the entity by whom or by
20 which the tax credit was transferred. The provisions of this
21 subsection shall not limit the ability of a tax credit transferee to
22 reduce the tax liability of the transferee, regardless of the actual
23 tax liability of the tax credit transferor, for the relevant taxable
24 period. The transferor initially allowed the credit and any

1 subsequent transferees shall jointly file a copy of any written
2 transfer agreement with the Oklahoma Tax Commission within thirty
3 (30) days of the transfer. The written agreement shall contain the
4 name, address and taxpayer identification number or Social Security
5 number of the parties to the transfer, the amount of the credit
6 being transferred, the year the credit was originally allowed to the
7 transferor, and the tax year or years for which the credit may be
8 claimed. The Tax Commission may promulgate rules to permit
9 verification of the validity and timeliness of the tax credit
10 claimed upon a tax return pursuant to this subsection but shall not
11 promulgate any rules that unduly restrict or hinder the transfers of
12 such tax credit. The tax credit allowed by this section, upon the
13 election of the taxpayer, may be claimed as a payment of tax, a
14 prepayment of tax or a payment of estimated tax for purposes of
15 Section 1803 or Section 2355 of this title.

16 G. For electricity generation produced and sold in a calendar
17 year, the tax credit allowed by the provisions of this section, upon
18 election of the taxpayer, shall be treated and may be claimed as a
19 payment of tax, a prepayment of tax or a payment of estimated tax
20 for purposes of Section 2355 of this title on or after July 1 of the
21 following calendar year.

22 H. No credit otherwise authorized by the provisions of this
23 section may be claimed for any event, transaction, investment,
24 expenditure, or other act occurring on or after July 1, 2010, for

1 which the credit would otherwise be allowable until the provisions
2 of this subsection shall cease to be operative on July 1, 2011.
3 Beginning July 1, 2011, the credit authorized by this section may be
4 claimed for any event, transaction, investment, expenditure, or
5 other act occurring on or after July 1, 2010, according to the
6 provisions of this section. Any tax credits which accrue during the
7 period of July 1, 2010, through June 30, 2011, may not be claimed
8 for any period prior to the taxable year beginning January 1, 2012.
9 No credits which accrue during the period of July 1, 2010, through
10 June 30, 2011, may be used to file an amended tax return for any
11 taxable year prior to the taxable year beginning January 1, 2012.

12 I. For tax years beginning on or after January 1, 2019, the
13 total amount of credits authorized by this section with respect to
14 eligible renewable resources described by subparagraphs b, c and d
15 of paragraph 2 of subsection A of this section used to offset tax or
16 paid as a refund shall be adjusted annually to limit the annual
17 amount of credits to Five Hundred Thousand Dollars (\$500,000.00).
18 The Tax Commission shall annually calculate and publish a percentage
19 by which the credits authorized by subparagraphs b, c and d of
20 paragraph 2 of subsection A of this section shall be reduced so the
21 total amount of credits used to offset tax or paid as a refund does
22 not exceed Five Hundred Thousand Dollars (\$500,000.00) per year.
23 The formula to be used for the percentage adjustment shall be Five
24

1 Hundred Thousand Dollars (\$500,000.00) divided by the credits
2 claimed in the second preceding year.

3 J. Pursuant to subsection I of this section, in the event the
4 total tax credits authorized by this section with respect to
5 eligible renewable resources described by subparagraphs b, c and d
6 of paragraph 2 of subsection A of this section exceed Five Hundred
7 Thousand Dollars (\$500,000.00) in any calendar year, the Tax
8 Commission shall permit any excess over Five Hundred Thousand
9 Dollars (\$500,000.00) but shall factor such excess into the
10 percentage adjustment formula for subsequent years.

11 K. Any credits authorized by this section with respect to
12 eligible renewable resources described by subparagraphs b, c and d
13 of paragraph 2 of subsection A of this section not used or unable to
14 be used because of the provisions of subsection I or J of this
15 section may be carried over until such credits are fully used.

16 L. The Tax Commission shall prepare an annual report and,
17 utilizing the centralized filing system provided for in Section 378
18 of this act, electronically submit it to the Office of the State
19 Secretary of Energy and Environment, the Governor, the Speaker of
20 the Oklahoma House of Representatives, and the President Pro Tempore

1 electronically submit recommendations for changes to the tax credit
2 to the Governor, the Speaker of the Oklahoma House of
3 Representatives, and the President Pro Tempore of the Oklahoma State

11 limiting or restricting expression that the First Amendment does not
12 protect or prohibiting harassment as defined by this section.

13 4. Nothing in this section shall enable individuals to engage
14 in conduct that intentionally, materially, and substantially
15 disrupts another person's expressive activity if that activity is
16 occurring in a campus space reserved for that activity under the
17 exclusive use or control of a particular group.

18 E. Public institutions of higher education shall make public in

21 another user identification.

22 2. The report shall include:

- 23 a. a description of any barriers to or incidents of
24 disruption of free expression occurring on campus,

1 including but not limited to attempts to block or
2 prohibit speakers and investigations into students or
3 student organizations for their speech. The
4 description shall include the nature of each barrier
5 or incident, as well as what disciplinary action, if
6 any, was taken against members of the campus community
7 determined to be responsible for those specific
8 barriers or incidents involving students without
9 revealing those students' personally identifiable
10 information, and

9 available to any person or student organization.

10 I. A person shall be required to bring suit for violation of
11 this section no later than one year after the day the cause of
12 action occurs. For purposes of calculating the one-year limitation
13 period, each day that the violation persists and each day that a
14 policy in violation of this section remains in effect shall
15 constitute a new day that the cause of action has occurred.

16 J. If any provision of this section or any application of such
17 provision to any person or circumstance is held to be
18 unconstitutional, the remainder of the section and the application
19 of the provision to any other person or circumstance shall not be
20 affected.

7 or agency for each fiscal year shall be made in a lump sum without
8 regard to uniform budget or accounting classifications, but shall
9 not be available for expenditure until subsequently allotted by the
10 State Regents.

11 (b) The State Regents, with the approval of the Director of the
12 Office of Management and Enterprise Services, may allot money to any
13 such institution or agency to establish and operate a petty cash
14 fund at the institution or agency; said fund shall only be
15 reimbursed upon the filing of claims showing the purposes for which
16 the money was expended. No single expenditure from any petty cash
17 fund so established and operated shall exceed Five Hundred Dollars
18 (\$500.00). Splitting of invoices for the purpose of avoiding this
19 limitation is prohibited. Except for payments to sports officials,
20 research participants, refunds to students, competition judges, and
21 temporary farm crews employed at Oklahoma Agricultural Experiment
22 Stations, expenditures from such fund for personal services, travel
23 reimbursement, or professional services are prohibited. Further,
24 the exemption for payments to sports officials and refunds to

1 students is limited to only those institutions which have previously
2 been authorized to participate in both the "Alternate Claims
3 Processing", by the Director of the Office of Management and
4 Enterprise Services, and "Remote Warrant Printing", by the State
5 Treasurer. The Oklahoma State Regents for Higher Education shall
6 publish uniform guidelines applicable to all institutions of higher
7 education for expenditures from petty cash funds, which shall be
8 strictly adhered to.

9 (c) Governing boards of control are integral parts of
10 institutions under their respective jurisdiction; therefore, the
11 expenses of boards in carrying out their respective duties shall be
12 paid from the operating budgets of the institutions and other budget
13 agencies under their jurisdiction. In cases where a board is the
14 governing board for two or more institutions ~~and/or~~ or other budget
15 agencies, the board shall prorate its operating expenses among the
16 institutions ~~and/or~~ or other budget agencies so governed. Prior to
17 the beginning of the fiscal year, each board shall prepare a budget,
18 setting out in detail its necessary expenses for the entire fiscal
19 year and shall, not later than July 1 and utilizing the centralized
20 filing system provided for in Section 378 of this act,
21 electronically file a copy of its budget with the President Pro
22 Tempore of the Senate, the Speaker of the House of Representatives,
23 the Director of the Office of Management and Enterprise Services,
24 and the Legislative Service Bureau. Said budget shall include all

1 full-time-equivalent positions in each activity or division and an
2 itemization of all sources of income used for operations and
3 programs. Each board shall revise its budget, if necessary, and
4 provide said revisions to the President Pro Tempore of the Senate,
5 the Speaker of the House of Representatives, the Director of the
6 Office of Management and Enterprise Services, and the Legislative
7 Service Bureau not later than January 1 of each year. In cases
8 where a board has jurisdiction over two or more institutions or
9 budget agencies, it shall, not later than July 1, notify the
10 President of each institution as to the amount of its pro rata share
11 of the board's expense budget that will be assessed against the
12 institution ~~and/or~~ or other budget agency during the fiscal year.

13 (d) Prior to the beginning of the fiscal year, the coordinating
14 board of the Oklahoma State Regents for Higher Education shall
15 prepare a budget setting out in detail its necessary expenses for

17 centralized filing system provided for in Section 378 of this act,
18 shall electronically file a copy of its budget with the Director of
19 the Office of Management and Enterprise Services and the Legislative
20 Service Bureau. The State Regents shall allocate the money required
21 to fund its budget prior to making distribution of appropriated
22 monies to the various institutions of The Oklahoma State System of
23 Higher Education.

1 (e) The Division of Central Accounting and Reporting shall make
2 cash allocations of revenue in accordance with Section 23 of Article
3 X of the Oklahoma Constitution, to each institution and agency,
4 considering the total allocation made by the State Regents from the
5 lump-sum legislative appropriation as the total appropriation for
6 the institution or agency, in lieu of legislative appropriations.
7 All income available to an institution or agency for educational and
8 general purposes, as defined in the uniform budget and accounting
9 classifications recommended by the publications of the National
10 Association of College and University Business Officers, and
11 including income defined by law as revolving fund income, shall
12 operate as a continuing nonfiscal appropriation which may be
13 expended for any educational and general purpose for which
14 appropriated funds may be expended, if allocated and allotted in
15 accordance with the Oklahoma State Finance Act, as provided in this
16 section; provided that no obligation shall be incurred in excess of
17 the unencumbered balance of cash on hand.

18 (f) At least thirty (30) days prior to the beginning of each
19 fiscal year, each of the constituent institutions and agencies shall
20 file with the State Regents its request for appropriation allotments
21 for each of the purposes for which expenditures are to be made.
22 Such requests shall be in conformity with the uniform budget or
23 accounting classifications recommended by the publications of the
24 National Association of College and University Business Officers.

1 Each request for appropriation allotments shall show the amount
2 required to finance each item of the request for the entire year and
3 for each quarter or each six-month period within the fiscal year, as
4 required by the Director of the Office of Management and Enterprise
5 Services. The State Regents, or their designated official or
6 employee who has been authorized to approve itemized allotment
7 requests, shall consider the allotment requests for the purpose of
8 making a determination that: (1) the current financial requirements
9 of the institution or agency concerned justify the allotment to be
10 made; (2) the accounting classification is sufficient to reflect the
11 purpose for which expenditures are to be made and that such
12 classification is in accordance with the budget classifications
13 adopted by the Director of the Office of Management and Enterprise
14 Services and the State Regents, which shall conform as nearly as
15 possible to the account classification recommended by the
16 publications of the National Association of College and University
17 Business Officers; and (3) the realization of estimated revenues
18 determined by the Director of the Office of Management and
19 Enterprise Services is sufficient to allow the commitments to be
20 made. In allotting appropriations and other funds, and approving
21 subsequent allotments, which may be required by each institution and
22 agency the State Regents shall follow the same general procedure as
23 other agencies of the state not under the control of the State
24 Regents, except as otherwise provided in this section. All forms

1 and account classifications shall be mutually agreed upon by the
2 Director of the Office of Management and Enterprise Services and the
3 State Regents. The State Regents shall file approved requests of
4 constituent institutions and agencies with the Division of Central
5 Accounting and Reporting. The State Regents and the Director of the
6 Office of Management and Enterprise Services shall approve any
7 request from the administrative head of a constituent institution or
8 agency for amendment of the approved schedule of positions and
9 salaries or transfers between items, so long as the currently
10 approved allotment for such purposes is not exceeded and each such
11 amendment shall be filed with the Director of the Office of
12 Management and Enterprise Services, in such detail as he or she may
13 require, prior to the date on which the first payroll or other
14 disbursement affected by such amendments is submitted for payment.
15 In the event that the realization of estimated revenues at any time
16 during the fiscal year indicates that the total revenue from that
17 fiscal year to any state fund will be insufficient at the end of the
18 fiscal year to meet the total appropriations from that fund, the
19 Director of the Office of Management and Enterprise Services shall
20 notify the State Regents as to the amount of reduction necessary
21 against the consolidated, or lump-sum appropriation, made to the
22 State Regents.

23 (g) The State Regents in making itemized allotments during the
24 fiscal year, may reserve an amount sufficient to meet a reasonable

1 failure of revenue until receipt of notice from the Director of the
2 Office of Management and Enterprise Services that the realization of
3 estimated revenues indicates that the total appropriations may be
4 allotted for expenditure. Upon receipt of notice from the Director
5 of the Office of Management and Enterprise Services of a necessary
6 reduction in the consolidated, or lump-sum appropriation, to meet a
7 failure in revenue, the State Regents shall immediately take action
8 to control the approval of subsequent allotment requests sufficient
9 to make the aggregate reduction in allotments of all constituent
10 institutions under their control equal the amount of reduction
11 ordered against the lump-sum appropriation made by the Legislature.
12 Such reductions against the lump-sum appropriation shall not exceed
13 the percentage reduction ordered against other agencies of the
14 state, in accordance with Section 23 of Article X of the Oklahoma
15 Constitution.

24 that it does not boycott energy companies and rely, as

1 appropriate in the Treasurer's judgment and without

5 2. A financial company that fails to provide to the Treasurer a
6 written verification under subparagraph b of paragraph 1 of this
7 subsection before the sixty-first day after receiving the request
8 from the Treasurer is presumed to be boycotting energy companies.

9 3. The Treasurer shall update the list annually or more often
10 as the Treasurer considers necessary, but not more often than
11 quarterly, based on information from, among other sources, those
12 listed in subparagraph a of paragraph 1 of this subsection.

13 4. Not later than the thirtieth day after the date the list of
14 financial companies that boycott energy companies is first provided
15 or updated, the Treasurer shall, utilizing the centralized filing
16 system provided for in Section 378 of this act, electronically file

19 Internet website.

20 5. The Treasurer may retain third-party consultants to assist
21 in the implementation of the provisions of this act.

1 notify the Treasurer of the listed financial companies in which the
2 state governmental entity owns direct holdings or indirect holdings.

3 C. 1. For each listed financial company identified under
4 paragraph 1 of subsection A of this section, the state governmental
5 entity shall send a written notice:

6 a. informing the financial company of its status as a
7 listed financial company,

8 b. warning the financial company that it may become
9 subject to divestment by state governmental entities
10 after the expiration of the period described by
11 paragraph 2 of this subsection, and

12 c. offering the financial company the opportunity to

14 by paragraph 1 of subsection A of this section.

15 2. Not later than the ninetieth day after the date the
16 financial company receives notice under paragraph 1 of this
17 subsection, the financial company shall cease boycotting energy
18 companies to avoid qualifying for divestment by state governmental
19 entities.

20 3. If, during the time provided by paragraph 2 of this
21 subsection, the financial company ceases boycotting energy
22 companies, the Treasurer shall remove the financial company from the
23 list maintained under paragraph 1 of subsection A of this section,
24

1 and this subsection will no longer apply to the financial company
2 unless it resumes boycotting energy companies.

3 4. If, after the time provided by paragraph 2 of this
4 subsection expires, the financial company continues to boycott
5 energy companies, the state governmental entity shall sell, redeem,
6 divest, or withdraw all publicly traded securities of the financial
7 company, except securities described by subsection E of this
8 section, according to the schedule provided under subsection D of
9 this section.

10 D. 1. A state governmental entity required to sell, redeem,
11 divest, or withdraw all publicly traded securities of a listed
12 financial company shall comply with the following schedule:

13 a. at least fifty percent (50%) of those assets shall be
14 removed from the state governmental entity's assets
15 under management not later than the one-hundred-
16 eightieth day after the date the financial company
17 receives notice pursuant to paragraph 1 of subsection
18 C of this section unless the state governmental entity
19 determines, based on a good-faith exercise of its
20 fiduciary discretion and subject to subparagraph b of
21 this subsection, that a later date is more prudent,
22 and

23 b. one hundred percent (100%) of those assets shall be
24 removed from the state governmental entity's assets

1 under management not later than the three-hundred-
2 sixtieth day after the date the financial company
3 receives notice pursuant to paragraph 1 of subsection
4 C of this section.

5 2. If a financial company that ceased boycotting energy
6 companies after receiving notice pursuant to paragraph 1 of
7 subsection C of this section resumes its boycott, the state

9 company informing it that the state governmental entity will sell,
10 redeem, divest, or withdraw all publicly traded securities of the
11 financial company according to the schedule in paragraph 1 of
12 subsection D of this section.

13 3. Except as provided by paragraph 1 of subsection D of this
14 section, a state governmental entity may delay the schedule for
15 divestment under that subsection only to the extent that the state
16 governmental entity determines, in the state governmental entity's
17 good-faith judgment, and consistent with the entity's fiduciary
18 duty, that divestment from listed financial companies will likely
19 result in a loss in value or a benchmark deviation described by
20 paragraph 1 of subsection F of this section.

21 4. If a state governmental entity delays the schedule for
22 divestment, the state governmental entity shall, utilizing the
23 centralized filing system provided for in Section 378 of this act,
24 electronically submit a report to the Treasurer, the presiding

1 officer of each house of the Legislature, and the Attorney General
2 stating the reasons and justification for the delay in divestment by
3 the state governmental entity from listed financial companies. The
4 report shall include documentation supporting its determination that
5 the divestment would result in a loss in value or a benchmark
6 deviation described by paragraph 1 of subsection F of this section
7 including objective numerical estimates. The state governmental
8 entity shall update the report every six (6) months.

9 E. A state governmental entity is not required to divest from
10 any indirect holdings in actively or passively managed investment
11 funds or private equity funds. The state governmental entity shall
12 submit letters to the managers of each investment fund containing
13 listed financial companies requesting that they remove those
14 financial companies from the fund or create a similar actively or
15 passively managed fund with indirect holdings devoid of listed
16 financial companies. If a manager creates a similar fund with
17 substantially the same management fees and same level of investment
18 risk and anticipated return, the state governmental entity may
19 replace all applicable investments with investments in the similar
20 fund in a time frame consistent with prudent fiduciary standards but
21 not later than the four-hundred-fiftieth day after the date the fund
22 is created.

1 F. 1. A state governmental entity may cease divesting from one
2 or more listed financial companies only if clear and convincing
3 evidence shows that:

4 a. the state governmental entity has suffered or will
5 suffer a loss in the value of assets under management
6 by the state governmental entity as a result of having
7 to divest from listed financial companies under this
8 subsection, or

9 b. an individual portfolio that uses a benchmark-aware
10 strategy would be subject to an aggregate expected
11 deviation from its benchmark as a result of having to
12 divest from listed financial companies under this
13 subsection.

14 2. A state governmental entity may cease divesting from a
15 listed financial company as provided by this section only to the
16 extent necessary to ensure that the state governmental entity does
17 not suffer a loss in value or deviate from its benchmark as
18 described by paragraph 1 of this subsection.

19 3. Before a state governmental entity may cease divesting from
20 a listed financial company under this section, the state
21 governmental entity shall, utilizing the centralized filing system
22 provided for in Section 378 of this act, electronically provide a
23 written report to the Treasurer, the presiding officer of each house
24 of the Legislature, and the Attorney General setting forth the

1 reason and justification, supported by clear and convincing
2 evidence, for deciding to cease divestment or to remain invested in
3 a listed financial company. The state governmental entity shall
4 update the report required by this subsection semiannually, as
5 applicable.

6 4. This section does not apply to reinvestment in a financial
7 company that is no longer a listed financial company.

8 G. Except as provided in subsection F of this section, a state
9 governmental entity shall not acquire securities of a listed
10 financial company.

13 court of competent jurisdiction to adopt a rule, or an
14 amendment, revision, or revocation of an existing
15 rule, and

19 2. A preemptive rule ~~must~~ shall be approved by the Governor
20 pursuant to this section.

21 3. The website of the Commission shall provide a link to the

5 B. 1. Upon the adoption of such preemptive rule by the
6 Commission, the Director of the Department of Human Services shall
7 request the Governor to approve the rules on the basis that such
8 rules are required to comply with a federal law, federal rule, a
9 state law enacted pursuant to federal law or rule, or order of a
10 court of competent jurisdiction and which if such rules are not
11 immediately adopted would result in a financial penalty, or a
12 reduction, withholding, or loss of federal funds.

13 2. Upon the filing of the request for approval of a preemptive
14 rule, the Governor shall review such rule and decide as to whether
15 such rule should be approved. Prior to approval of a preemptive

23 immediately notify the Commission. Upon receipt of notice of the
24 approval of the preemptive rule, the Commission shall file the

15 centralized filing system provided for in Section 378 of this act.

16 6. Upon approval by the Governor, the rule shall be considered
17 promulgated and shall be in force immediately, or if a later date is
18 required by statute or specified in the rule, the later date is the
19 effective date.

20 C. A preemptive rule shall be considered to be a permanent rule
21 and shall remain in full force and effect unless and until
22 specifically disapproved during the first thirty (30) legislative
23 days of the next regular legislative session following promulgation
24 of such preemptive rule or unless an earlier expiration date is

1 specified by the Commission. The Legislature may disapprove such
2 rule pursuant to Section 308 of this title. Any resolution
3 introduced for the purpose of disapproving such rule shall not be
4 subject to regular legislative cut off dates.

5 D. Except as otherwise provided by this section, preemptive
6 rules shall be promulgated and published in compliance with Article

21 promulgated pursuant to the provisions of the Administrative
22 Procedures Act.

23 B. Upon failure of an agency to comply with the provisions of
24 Sections 251 through 256 of this title except when not applicable,

1 the Secretary shall forward a written notice of the failure to
2 comply to the chief administrative officer of the agency. The
3 notice shall state a reasonable time, not to exceed thirty (30)
4 calendar days, in which the agency shall fully comply. Further
5 failure to comply shall be electronically reported in writing to the
6 Speaker of the House of Representatives, the President Pro Tempore
7 of the Senate, the Governor, and the Attorney General utilizing the
8 centralized filing system provided for in Section 378 of this act.
9 Upon such notification, the Attorney General shall immediately seek
10 agency compliance and if required, to institute mandamus proceedings
11 to secure compliance by said agency.

15 Section 253. A. 1. If an agency finds that a rule is
16 necessary as an emergency measure, the rule may be promulgated
17 pursuant to the provisions of this section, if the rule is first
18 approved by the Governor. The Governor shall not approve the
19 adoption, amendment, revision, or revocation of a rule as an
20 emergency measure unless the agency submits substantial evidence
21 that the rule is necessary as an emergency measure to do any of the
22 following:

23 a. protect the public health, safety, or welfare,
24

- b. comply with deadlines in amendments to an agency's governing law or federal programs,
- c. avoid violation of federal law or regulation or other state law,
- d. avoid imminent reduction to the agency's budget, or
- e. avoid serious prejudice to the public interest.

As used in this subsection, "substantial evidence" shall mean credible evidence which is of sufficient quality and probative value to enable a person of reasonable caution to support a conclusion.

2. In determining whether a rule is necessary as an emergency measure, the Governor shall consider whether the emergency situation was created due to the agency's delay or inaction and could have been averted by timely compliance with the provisions of this chapter.

B. An emergency rule adopted by an agency shall:

1. Be prepared in the format required by Section 251 of this title;

2. a. Include an impact statement which meets the requirements set forth in subparagraph b of this paragraph, unless the Governor waives the initial requirement in writing upon a finding that the rule impact statement or the specified contents thereof are unnecessary or contrary to the public interest.

Provided, the rule impact statement shall be submitted

1 no more than forty-five (45) days from the date of
2 such waiver.

3 b. The rule impact statement shall include, but not be
4 limited to:

6 basis supporting it,

7 (2) a classification of the rule as major or
8 nonmajor, with a justification for the
9 classification, including an estimate of the
10 total annual implementation and compliance costs
11 that are reasonably expected to be incurred by or
12 passed along to businesses, state or local
13 government units, or individuals and a
14 determination of whether those costs will exceed
15 One Million Dollars (\$1,000,000.00) over the
16 initial five-year period following the
17 promulgation of the proposed rule. Provided, if
18 the costs exceed One Million Dollars
19 (\$1,000,000.00), the agency shall classify the
20 rule as a major rule,

21 (3) a description of the proposed rule, including a
22 determination of whether the proposed rule is
23 mandated by federal law, or as a requirement for
24 participation in or implementation of a federally

1 subsidized or assisted program, and whether the
2 proposed rule exceeds the requirements of the
3 applicable federal law,

4 (4) a description of the classes of persons who most
5 likely will be affected by the proposed rule,
6 including classes that will bear the costs of the
7 proposed rule, and any information on cost
8 impacts received by the agency from any private
9 or public entities,

10 (5) a description of the classes of persons who will
11 benefit from the proposed rule,

12 (6) a comprehensive analysis of the rule's economic
13 impact, including any anticipated impacts on the
14 full-time-employee count of the agency, any costs
15 or benefits, and a detailed quantification of
16 implementation and compliance costs on the
17 affected businesses, business sectors, public
18 utility ratepayers, individuals, state or local
19 government units, and on the state economy as a
20 whole. The analysis shall include a listing of
21 all fee changes and, whenever possible, a
22 separate justification for each fee change,

- (7) a detailed explanation of the methodology and assumptions used to determine the economic impact, including the dollar amounts calculated,
- (8) a determination of whether implementation of the proposed rule will have an economic impact on any political subdivisions or require their cooperation in implementing or enforcing the rule,
- (9) a determination of whether implementation of the proposed rule may have an adverse economic effect on small business as provided by the Oklahoma Small Business Regulatory Flexibility Act,
- (10) any measures taken by the agency to minimize the cost and impact of the proposed rule on business and economic development in this state, local government units of this state, and individuals,
- (11) a determination of the effect of the proposed rule on the public health, safety, and environment and, if the proposed rule is designed to reduce significant risks to the public health, safety, and environment, an explanation of the nature of the risk and to what extent the proposed rule will reduce the risk,

1 (12) a determination of any detrimental effect on the
2 public health, safety, and environment if the
3 proposed rule is not implemented, and

4 13) the date the rule impact statement was prepared
5 and, if modified, the date modified.

6 c. The rule impact statement shall be prepared on or
7 before the date the emergency rule is adopted; and

8 3. Be electronically transmitted pursuant to Section 464 of
9 Title 74 of the Oklahoma Statutes to the Governor, the Speaker of
10 the House of Representatives, the President Pro Tempore of the
11 Senate, and the chief legislative officer of each chamber, along
12 with the information required by this subsection within ten (10)
13 days after the rule is adopted, utilizing the centralized filing
14 system provided for in Section 378 of this act.

15 C. 1. Within forty-five (45) calendar days of receipt of a
16 proposed emergency rule filed with the Governor, the Speaker of the
17 House of Representatives, the President Pro Tempore of the Senate,
18 and the chief legislative officer of each chamber, the Governor
19 shall review the demonstration of emergency pursuant to subsection A
20 of this section, and shall separately review the rule in accordance
21 with the standards prescribed in paragraph 3 of this subsection.

22 2. Prior to approval of emergency rules, the Governor shall
23 submit the emergency rule to the Secretary of State for review of
24 proper formatting.

1 3. If the Governor determines the agency has established the
2 rule is necessary as an emergency measure pursuant to subsection A
3 of this section, the Governor shall approve the proposed emergency
4 rule if the rule is:

- 5 a. clear, concise, and understandable,
- 6 b. within the power of the agency to make and within the
7 enacted legislative standards, and
- 8 c. made in compliance with the requirements of the
9 Administrative Procedures Act.

10 4. If an emergency rule is adopted under this section due to a
11 declared state of emergency pursuant to Section 683.1 et seq. of
12 Title 63 of the Oklahoma Statutes, an agency may request the
13 Governor waive the provisions of subsection B of this section. Such
14 request shall be in writing and shall state the agency's findings
15 and the justification for such findings. The agency shall have
16 forty-five (45) days to comply with the provisions of subsection B
17 of this section for any adopted emergency rules where such
18 provisions are waived. Any rules which do not comply with the
19 requirements of this section shall expire following such time
20 period. Nothing in this paragraph shall be construed to waive any
21 other requirements of this section for emergency rule promulgation
22 by an agency.

23 D. 1. Within the forty-five-calendar-day period set forth in
24 paragraph 1 of subsection C of this section, the Governor may

1 approve the emergency rule or disapprove the emergency rule.

2 Failure of the Governor to approve an emergency rule within the
3 specified period shall constitute disapproval of the emergency rule.

4 2. If the Governor disapproves the adopted emergency rule, the
5 Governor shall return the entire document to the agency with reasons
6 for the disapproval. If the agency elects to modify the rule, the
7 agency shall adopt the modifications, and shall file the modified
8 rule in accordance with the requirements of subsection B of this
9 section.

10 3. Upon disapproval of an emergency rule, the Governor shall,
11 within fifteen (15) days, make written notification to the Speaker
12 of the House of Representatives, the President Pro Tempore of the
13 Senate, the chief legislative officer of each chamber, and the
14 Office of Administrative Rules.

15 E. 1. Upon approval of an emergency rule, the Governor shall
16 immediately make written notification to the agency, the Speaker of
17 the House of Representatives, the President Pro Tempore of the
18 Senate, the chief legislative officer of each chamber, and the
19 Office of Administrative Rules. Upon receipt of the notice of the
20 approval, the agency shall file with the Office of Administrative
21 Rules as many copies of the notice of approval and the emergency
22 rule as required by the Secretary.

23 2. Emergency rules shall be subject to legislative review
24 pursuant to Section 308 of this title.

1 3. The emergency rule shall be published in accordance with the
2 provisions of Section 255 of this title in "The Oklahoma Register"
3 following the approval by the Governor. The Governor's approval and
4 the approved rules shall be retained as official records by the
5 Office of Administrative Rules.

6 F. 1. Upon approval by the Governor, an emergency rule shall
7 be considered promulgated and shall be in force immediately, or on
8 such later date as specified therein. An emergency rule shall only
9 be applied prospectively from its effective date.

10 2. Except as otherwise provided in this subsection, the
11 emergency rule shall remain in full force and effect through the
12 first day of the next succeeding regular session of the Legislature
13 following promulgation of such emergency rule until September 14
14 following such session, unless it is made ineffective pursuant to
15 subsection H of this section.

16 G. No agency shall adopt any emergency rule which establishes
17 or increases fees, except during such times as the Legislature is in
18 session, unless specifically mandated by the Legislature or federal
19 legislation, or when the failure to establish or increase fees would
20 conflict with an order issued by a court of law.

21 H. 1. If an emergency rule is of a continuing nature, the
22 agency promulgating such emergency rule shall initiate proceedings
23 for promulgation of a permanent rule pursuant to Sections 303
24 through 308.3 of this title. If an emergency rule is superseded by

1 another emergency rule prior to the enactment of a permanent rule,
2 the latter emergency rule shall retain the same expiration date as
3 the superseded emergency rule, unless otherwise authorized by the
4 Legislature.

5 2. Any promulgated emergency rule shall be made ineffective if:

6 a. disapproved by the Legislature,

7 b. superseded by the promulgation of permanent rules,

8 c. any adopted rules based upon such emergency rules are
9 subsequently disapproved pursuant to Section 308 of
10 this title, or

11 d. an earlier expiration date is specified by the agency
12 in the rules.

13 3. a. Emergency rules in effect on the first day of the
14 session shall be null and void on September 15
15 following sine die adjournment of the Legislature
16 unless otherwise specifically provided by the
17 Legislature.

18 b. Unless otherwise authorized by the Legislature, an
19 agency shall not adopt any emergency rule, which has
20 become null and void pursuant to subparagraph a of
21 this paragraph, as a new emergency rule or adopt any
22 emergency rules of similar scope or intent as the
23 emergency rules which became null and void pursuant to
24 subparagraph a of this paragraph.

1 I. Emergency rules shall not become effective unless approved
2 by the Governor pursuant to the provisions of this section.

3 J. 1. The requirements of Section 303 of this title relating
4 to notice and hearing shall not be applicable to emergency rules
5 promulgated pursuant to the provisions of this section. Provided,
6 this shall not be construed to prevent an abbreviated notice and
7 hearing process determined to be necessary by an agency.

8 2. The rule report required pursuant to Section 303.1 of this
9 title shall not be applicable to emergency rules promulgated
10 pursuant to the provisions of this section. Provided, this shall
11 not be construed to prevent an agency from complying with such
12 requirements at the discretion of such agency.

13 3. The statement of submission required by Section 303.1 of
14 this title shall not be applicable to emergency rules promulgated
15 pursuant to the provisions of this section.

16 K. Prior to approval or disapproval of an emergency rule by the
17 Governor, an agency may withdraw from review an emergency rule
18 submitted pursuant to the provisions of this section. Notice of
19 such withdrawal shall be given to the Governor, the Speaker of the
20 House of Representatives, the President Pro Tempore of the Senate in
21 accordance with the requirements set forth in Section 464 of Title
22 74 of the Oklahoma Statutes, and to the Office of Administrative
23 Rules as required by the Secretary of State. In order to be
24

1 promulgated as emergency rules, any replacement rules shall be
2 resubmitted pursuant to the provisions of this section.

3 L. Upon completing the requirements of this section, an agency
4 may promulgate a proposed emergency rule. No emergency rule is
5 valid unless promulgated in substantial compliance with the
6 provisions of this section.

7 M. Emergency rules adopted by an agency or approved by the
8 Governor shall be subject to review pursuant to the provisions of
9 Section 306 of this title.

22 shall not be responsible for continuing medical maintenance or pain
23 management treatment that is outside the parameters established by
24 the Physician Advisory Committee or ODG. The employer or insurance

1 carrier shall not be responsible for continuing medical maintenance
2 or pain management treatment not previously ordered by the
3 Commission or approved in advance by the employer or insurance
4 carrier.

5 E. An employee claiming or entitled to benefits under the
6 Administrative Workers' Compensation Act, shall, if ordered by the
7 Commission or requested by the employer or insurance carrier, submit
8 himself or herself for medical examination. If an employee refuses
9 to submit himself or herself to examination, his or her right to
10 prosecute any proceeding under the Administrative Workers'
11 Compensation Act shall be suspended, and no compensation shall be
12 payable for the period of such refusal.

13 F. For compensable injuries resulting in the use of a medical
14 device, ongoing service for the medical device shall be provided in
15 situations including, but not limited to, medical device battery
16 replacement, ongoing medication refills related to the medical
17 device, medical device repair, or medical device replacement.

18 G. The employer shall reimburse the employee for the actual
19 mileage in excess of twenty (20) miles round trip to and from the
20 employee's home to the location of a medical service provider for
21 all reasonable and necessary treatment, for an evaluation of an
22 independent medical examiner and for any evaluation made at the
23 request of the employer or insurance carrier. The rate of
24 reimbursement for such travel expense shall be the official

1 reimbursement rate as established by the State Travel Reimbursement
2 Act. In no event shall the reimbursement of travel for medical
3 treatment or evaluation exceed six hundred (600) miles round trip.

4 H. Fee Schedule.

5 1. The Commission shall conduct a review and update of the
6 Current Procedural Terminology (CPT) in the Fee Schedule every two
7 (2) years pursuant to the provisions of paragraph 14 of this
8 subsection. The Fee Schedule shall establish the maximum rates that
9 medical providers shall be reimbursed for medical care provided to
10 injured employees including, but not limited to, charges by
11 physicians, chiropractors, dentists, counselors, hospitals,
12 ambulatory and outpatient facilities, clinical laboratory services,
13 diagnostic testing services, and ambulance services, and charges for
14 durable medical equipment, prosthetics, orthotics, and supplies.
15 The most current Fee Schedule established by the Administrator of
16 the Workers' Compensation Court prior to February 1, 2014, shall
17 remain in effect, unless or until the Legislature approves the
18 Commission's proposed Fee Schedule.

19 2. Reimbursement for medical care shall be prescribed and
20 limited by the Fee Schedule. The director of the Employees Group
21 Insurance Division of the Office of Management and Enterprise
22 Services shall provide the Commission such information as may be
23 relevant for the development of the Fee Schedule. The Commission
24 shall develop the Fee Schedule in a manner in which quality of

1 medical care is assured and maintained for injured employees. The
2 Commission shall give due consideration to additional requirements
3 for physicians treating an injured worker under the Administrative
4 Workers' Compensation Act, including, but not limited to,
5 communication with claims representatives, case managers, attorneys,
6 and representatives of employers, and the additional time required
7 to complete forms for the Commission, insurance carriers, and
8 employers.

9 3. In making adjustments to the Fee Schedule, the Commission
10 shall use, as a benchmark, the reimbursement rate for each Current
11 Procedural Terminology (CPT) code provided for in the fee schedule
12 published by the Centers for Medicare and Medicaid Services of the
13 U.S. Department of Health and Human Services for use in Oklahoma
14 (Medicare Fee Schedule) on the effective date of this section,
15 workers' compensation fee schedules employed by neighboring states,
16 the latest edition of "Relative Values for Physicians" (RVP), usual,
17 customary and reasonable medical payments to workers' compensation
18 health care providers in the same trade area for comparable
19 treatment of a person with similar injuries, and all other data the
20 Commission deems relevant. For services not valued by CMS, the
21 Commission shall establish values based on the usual, customary and
22 reasonable medical payments to health care providers in the same
23 trade area for comparable treatment of a person with similar
24 injuries.

- 1 a. No reimbursement shall be allowed for any magnetic
2 resonance imaging (MRI) unless the MRI is provided by
3 an entity that meets Medicare requirements for the
4 payment of MRI services or is accredited by the
5 American College of Radiology, the Intersocietal
6 Accreditation Commission or the Joint Commission on
7 Accreditation of Healthcare Organizations. For all
8 other radiology procedures, the reimbursement rate
9 shall be the lesser of the reimbursement rate allowed
10 by the 2010 Oklahoma Fee Schedule and two hundred
11 seven percent (207%) of the Medicare Fee Schedule.
- 12 b. For reimbursement of medical services for Evaluation
13 and Management of injured employees as defined in the
14 Fee Schedule adopted by the Commission, the
15 reimbursement rate shall not be less than one hundred
16 fifty percent (150%) of the Medicare Fee Schedule.
- 17 c. Any entity providing durable medical equipment,
18 prosthetics, orthotics or supplies shall be accredited
19 by a CMS-approved accreditation organization. If a
20 physician provides durable medical equipment,
21 prosthetics, orthotics, prescription drugs, or
22 supplies to a patient ancillary to the patient's
23 visit, reimbursement shall be no more than ten percent
24 (10%) above cost.

1 d. The Commission shall develop a reasonable stop-loss
2 provision of the Fee Schedule to provide for adequate
3 reimbursement for treatment for major burns, severe
4 head and neurological injuries, multiple system
5 injuries, and other catastrophic injuries requiring
6 extended periods of intensive care. An employer or
7 insurance carrier shall have the right to audit the
8 charges and question the reasonableness and necessity
9 of medical treatment contained in a bill for treatment
10 covered by the stop-loss provision.

11 4. The right to recover charges for every type of medical care
12 for injuries arising out of and in the course of covered employment
13 as defined in the Administrative Workers' Compensation Act shall lie
14 solely with the Commission. When a medical care provider has
15 brought a claim to the Commission to obtain payment for services, a
16 party who prevails in full on the claim shall be entitled to
17 reasonable attorney fees.

18 5. Nothing in this section shall prevent an employer, insurance
19 carrier, group self-insurance association, or certified workplace
20 medical plan from contracting with a provider of medical care for a
21 reimbursement rate that is greater than or less than limits
22 established by the Fee Schedule.

23 6. A treating physician may not charge more than Four Hundred
24 Dollars (\$400.00) per hour for preparation for or testimony at a

1 deposition or appearance before the Commission in connection with a
2 claim covered by the Administrative Workers' Compensation Act.

3 7. The Commission's review of medical and treatment charges
4 pursuant to this section shall be conducted pursuant to the Fee
5 Schedule in existence at the time the medical care or treatment was
6 provided. The judgment approving the medical and treatment charges
7 pursuant to this section shall be enforceable by the Commission in
8 the same manner as provided in the Administrative Workers'
9 Compensation Act for the enforcement of other compensation payments.

10 8. Charges for prescription drugs dispensed by a pharmacy shall
11 be limited to ninety percent (90%) of the average wholesale price of
12 the prescription, plus a dispensing fee of Five Dollars (\$5.00) per
13 prescription. "Average wholesale price" means the amount determined
14 from the latest publication designated by the Commission.

15 Physicians shall prescribe and pharmacies shall dispense generic
16 equivalent drugs when available. If the National Drug Code, or
17 "NDC", for the drug product dispensed is for a repackaged drug, then
18 the maximum reimbursement shall be the lesser of the original
19 labeler's NDC and the lowest-cost therapeutic equivalent drug
20 product. Compounded medications shall be billed by the compounding
21 pharmacy at the ingredient level, with each ingredient identified
22 using the applicable NDC of the drug product, and the corresponding
23 quantity. Ingredients with no NDC area are not separately
24 reimbursable. Payment shall be based on a sum of the allowable fee

1 for each ingredient plus a dispensing fee of Five Dollars (\$5.00)
2 per prescription.

3 9. When medical care includes prescription drugs dispensed by a
4 physician or other medical care provider and the NDC for the drug
5 product dispensed is for a repackaged drug, then the maximum
6 reimbursement shall be the lesser of the original labeler's NDC and
7 the lowest-cost therapeutic equivalent drug product. Payment shall
8 be based upon a sum of the allowable fee for each ingredient plus a
9 dispensing fee of Five Dollars (\$5.00) per prescription. Compounded
10 medications shall be billed by the compounding pharmacy.

11 10. Implantables are paid in addition to procedural
12 reimbursement paid for medical or surgical services. A
13 manufacturer's invoice for the actual cost to a physician, hospital
14 or other entity of an implantable device shall be adjusted by the
15 physician, hospital or other entity to reflect, at the time
16 implanted, all applicable discounts, rebates, considerations and
17 product replacement programs and shall be provided to the payer by
18 the physician or hospital as a condition of payment for the
19 implantable device. If the physician, or an entity in which the
20 physician has a financial interest other than an ownership interest
21 of less than five percent (5%) in a publically traded company,
22 provides implantable devices, this relationship shall be disclosed
23 to patient, employer, insurance company, third-party commission,
24 certified workplace medical plan, case managers, and attorneys

1 representing claimant and defendant. If the physician, or an entity
2 in which the physician has a financial interest other than an
3 ownership interest of less than five percent (5%) in a publicly
4 traded company, buys and resells implantable devices to a hospital
5 or another physician, the markup shall be limited to ten percent
6 (10%) above cost.

7 11. Payment for medical care as required by the Administrative
8 Workers' Compensation Act shall be due within forty-five (45) days
9 of the receipt by the employer or insurance carrier of a complete
10 and accurate invoice, unless the employer or insurance carrier has a
11 good-faith reason to request additional information about such
12 invoice. Thereafter, the Commission may assess a penalty up to
13 twenty-five percent (25%) for any amount due under the Fee Schedule
14 that remains unpaid on the finding by the Commission that no good-
15 faith reason existed for the delay in payment. If the Commission
16 finds a pattern of an employer or insurance carrier willfully and
17 knowingly delaying payments for medical care, the Commission may
18 assess a civil penalty of not more than Five Thousand Dollars
19 (\$5,000.00) per occurrence.

20 12. If an employee fails to appear for a scheduled appointment
21 with a physician or chiropractor, the employer or insurance company
22 shall pay to the physician or chiropractor a reasonable charge, to
23 be determined by the Commission, for the missed appointment. In the
24 absence of a good-faith reason for missing the appointment, the

1 Commission shall order the employee to reimburse the employer or
2 insurance company for the charge.

3 13. Physicians or chiropractors providing treatment under the
4 Administrative Workers' Compensation Act shall disclose under
5 penalty of perjury to the Commission, on a form prescribed by the
6 Commission, any ownership or interest in any health care facility,
7 business, or diagnostic center that is not the physician's or
8 chiropractor's primary place of business. The disclosure shall
9 include any employee leasing arrangement between the physician or
10 chiropractor and any health care facility that is not the
11 physician's or chiropractor's primary place of business. A
12 physician's or chiropractor's failure to disclose as required by
13 this section shall be grounds for the Commission to disqualify the
14 physician or chiropractor from providing treatment under the
15 Administrative Workers' Compensation Act.

16 14. a. Beginning on May 28, 2019, the Commission shall
17 conduct an evaluation of the Fee Schedule, which shall
18 include an update of the list of Current Procedural
19 Terminology (CPT) codes, a line item adjustment or
20 renewal of all rates, and amendment as needed to the
21 rules applicable to the Fee Schedule.

22 b. The Commission shall contract with an external
23 consultant with knowledge of workers' compensation fee
24 schedules to review regional and nationwide

1 comparisons of Oklahoma's Fee Schedule rates and date
2 and market for medical services. The consultant shall
3 receive written and oral comment from employers,
4 workers' compensation medical service and insurance
5 providers, self-insureds, group self-insurance
6 associations of this state and the public. The
7 consultant shall submit a report of its findings and a
8 proposed amended Fee Schedule to the Commission.

9 c. The Commission shall adopt the proposed amended Fee
10 Schedule in whole or in part and make any additional
11 updates or adjustments. The Commission shall,
12 utilizing the centralized filing system provided for
13 in Section 378 of this act, electronically submit a
14 proposed updated and adjusted Fee Schedule to the
15 President Pro Tempore of the Senate, the Speaker of
16 the House of Representatives, and the Governor. The
17 proposed Fee Schedule shall become effective on July 1
18 following the legislative session, if approved by
19 Joint Resolution of the Legislature during the session
20 in which a proposed Fee Schedule is submitted.

21 d. Beginning on May 28, 2019, an external evaluation
22 shall be conducted and a proposed amended Fee Schedule
23 shall be submitted to the Legislature for approval
24 during the 2020 legislative session. Thereafter, an

1 external evaluation shall be conducted and a proposed
2 amended Fee Schedule shall be submitted to the
3 Legislature for approval every two (2) years.

4 I. Formulary. The Commission by rule shall adopt a closed
5 formulary. Rules adopted by the Commission shall allow an appeals
6 process for claims in which a treating doctor determines and
7 documents that a drug not included in the formulary is necessary to
8 treat an injured employee's compensable injury. The Commission by
9 rule shall require the use of generic pharmaceutical medications and
10 clinically appropriate over-the-counter alternatives to prescription
11 medications unless otherwise specified by the prescribing doctor, in
12 accordance with applicable state law.

13 SECTION 389. AMENDATORY 85A O.S. 2021, Section 60, is
14 amended to read as follows:

15 Section 60. The Physician Advisory Committee may recommend the
16 adoption of a method or system to evaluate permanent disability that
17 shall deviate from, or be used in place of or in combination with
18 the Guides. Such recommendation shall be made to the Workers'
19 Compensation Commission which may adopt the recommendation in part
20 or in whole. The adopted method or system shall be electronically
21 submitted by the Executive Director of the Commission to the
22 Governor, the Speaker of the House of Representatives, and the
23 President Pro Tempore of the Senate within the first ten (10)
24 legislative days of a regular session of the Legislature utilizing

1 the centralized filing system provided for in Section 378 of this
2 act. Such method or system so submitted shall be subject to
3 disapproval by joint or concurrent resolution of the Legislature
4 during the legislative session in which submitted. If disapproved,
5 the existing method of determining permanent partial disability
6 shall continue in effect. If the Legislature takes no action on the
7 method or system submitted by the Executive Director, the method or
8 system shall become operative thirty (30) days following the
9 adjournment of the Legislature.
