but is not limited to, fowl, fish, birds and reptiles, wild or
domestic, living or dead;

3. "Veterinarian" means a person who has received a degree in
veterinary medicine or its equivalent from a school of veterinary
medicine;

1 4. "Licensed veterinarian" means any veterinarian who holds an
2 active license to practice veterinary medicine in this state;

3 5. "School of veterinary medicine" means any veterinary college
4 or division of a university or college that offers the degree of
5 doctor of veterinary medicine or its equivalent, which conforms to
6 the standards required for accreditation by the American Veterinary
7 Medical Association (AVMA) and which is recognized and approved by
8 the Board;

9 6. "Veterinary technician" means a person who has graduated
10 from a program accredited by the American Veterinary Medical
11 Association, or its equivalent which is recognized and approved by
12 the Board, and who has passed the examination requirements set forth
13 by the Board, and is certified to practice under the direct
14 supervision of a licensed veterinarian. For the purpose of the
15 Oklahoma Veterinary Practice Act, "registered veterinary technician
16 (RVT)" will be used interchangeably with veterinary technician who
17 is certified pursuant to Sections 698.21 through 698.26 of this
18 title;

19 7. "Veterinary technologist" means a person who has
20 successfully graduated from an AVMA-accredited bachelor degree
21 program of veterinary technology, or its AVMA equivalent;

22 8. "Veterinary assistant" means an individual who may perform
23 the duties of a veterinary technician or veterinary technologist;
24

1 however, has not graduated from an AVMA-accredited technology
2 program or its equivalent, and has not been certified by the Board;

3 9. "Veterinary technology" means the science and art of
4 providing all aspects of professional medical care, services and
5 treatment for animals with the exception of diagnosis, prognosis,
6 surgery and prescription of any treatments, drugs, medications or
7 appliances, where a valid veterinarian-client-patient relationship
8 exists;

9 10. "Direct supervision" means:

- 10 a. directions have been given to a veterinary technician,
11 nurse, laboratory technician, intern, veterinary
12 assistant or other employee for medical care following
13 the examination of an animal by the licensed
14 veterinarian responsible for the professional care of
15 the animal, or
16 b. that, under certain circumstances following the
17 examination of an animal by a licensed veterinarian
18 responsible for the professional care of the animal,
19 the presence of the licensed veterinarian on the
20 premises in an animal hospital setting or in the same
21 general area in a range setting is required after

23 certificate issued pursuant to Section 698.8 of this
24 title;

1 11. "License" means authorization to practice veterinary
2 medicine granted by the Board to an individual found by the Board to
3 meet certain requirements pursuant to the Oklahoma Veterinary
4 Practice Act or any other applicable statutes;

5 12. "Supervised Doctor of Veterinary Medicine Certificate"
6 means authorization to practice veterinary medicine with certain
7 limitations or restrictions on that practice, set by the Board or
8 authorization to perform certain enumerated functions peripheral to
9 the practice of veterinary medicine as set by the Board and has a
10 certificate issued pursuant to Section 698.8 of this title;

11 13. "Veterinarian-client-patient relationship" means when:

- 12 a. the licensed veterinarian has assumed the
13 responsibility for making medical judgments regarding
14 the health of an animal or animals and the need for
15 medical treatment, and the client, owner or other
16 caretaker has agreed to follow the instructions of the
17 licensed veterinarian, and
- 18 b. there is sufficient knowledge of the animal or animals
19 by the licensed veterinarian to initiate at least a
20 general or preliminary diagnosis of the medical
21 condition of the animal or animals in that:
- 22 (1) the licensed veterinarian has recently seen or is
23 personally acquainted with the keeping and care
24 of the animal or animals, or

1 (2) the licensed veterinarian has made medically
2 necessary and timely visits to the premises where
3 the animal or groups of animals are kept or both
4 maintained and created a herd health plan with
5 the client within the last twelve (12) months,
6 and

7 c. the licensed veterinarian is readily available for
8 follow-up in case of adverse reactions or failure of
9 the regimen of therapy, or has arranged for emergency
10 medical coverage, and

19 veterinary medicine including diagnosis, consultation, evaluation,
20 treatment, transfer of medical data or exchange of information by
21 means of a two-way, real-time interactive communication between a
22 client or patient and a veterinarian with access to and reviewing
23 the patient's relevant information prior to the telemedicine visit.
24 Telemedicine or telehealth shall not include consultations provided

1 by telephone audio-only communication. A veterinarian using
2 telehealth technologies shall take appropriate steps to establish
3 the veterinarian-client-patient relationship by an in-person
4 examination within the last twelve (12) months and conduct all
5 appropriate evaluations and history of the patient consistent with
6 traditional standards of care for the particular patient
7 presentation. A veterinarian shall be licensed, or under the
8 jurisdiction of, the veterinary board of the jurisdiction where the
9 patient is located. The practice of medicine occurs where the
10 patient is located at the time telehealth technologies are used and
11 the relationship may not be established solely by telephone or
12 electronic means;

13 19. "Person" means any individual, firm, partnership,
14 association, joint venture, cooperative, corporation or any other

14 Veterinary Practice Act;

15 31. "Medical records" means any form of documentation that
16 provides a current and accurate account of a patient or herd history
17 and relevant medical information. Each licensed veterinarian
18 engaged in the practice shall maintain a complete, legible, written
19 or computer-generated record concerning the patient or herd;

20 32. "Relief veterinarian" means a licensed veterinarian who
21 works on a temporary or contract basis, who performs the duties of a
22 full-time veterinarian. He or she is required to maintain accurate
23 medical records that allow another veterinarian to proceed with care
24 and treatment and promote continuity of care for the animal; and

1 33. "Herd health plan" means a documented plan provided by a
2 licensed veterinarian with a veterinarian-client-patient
3 relationship that establishes the treatment and supportive care for
4 a group of animals to enhance a good herd management and optimize
5 animal health and productivity.
